Monday, June 27, 1994

Region offers action-packed Canada Day

Looking for some Canada Day action? With its lavish slate of activities, the The Haliburton Highlands region is the place to be on this holiday weekend.

Groups in Minden, West Guilford, Norland, Kinnmount, Coboconk, Burnt River and Haliburton have lined up activities to suit just about any taste and age group.

The following information is presented to help you make plans for the holiday:

MINDEN: Minden promises to be a hive of activity on Canada Day.

The Gull River Crazy Raft Race will be one highlight. Starting at Rotary Park, homemade craft of all description will be vying for \$400 in prize money. First prize is \$200, second is \$100, third is \$50 and \$50 will be awarded to the "most unique" entry.

The deadline to enter the race is Thursday, June 30. Contact Barry Cray.

The fourth annual Highlands Artisan's Festival is sure to be a hit again this year. The show and sale will feature the work of artisans from Haliburton County and beyond.

This event will run for three days, beginning at 6 p.m. on July 1. The official opening ceremonies will be at 7:30 p.m. Friday at the Minden Community Centre.

Paintings, pottery, carvings, stained glass, sculptures, woven items and much more will be on display. A Museum Tea Room, presented by the Agnes Jamieson Gallery, will be upstairs at the community centre, with sandwiches, soup, cookies and other refreshments available.

The hours are 6 to 9 p.m. Friday, 10 a.m. to 6 p.m. Saturday and 10 a.m. to 3 p.m. Sunday.

The Minden County Town Museum will be celebrating its 10th anniversary along with Canada's 127th, with events all day on July 1. The museum is located behind the Library/Gallery at the corner of Bobcaygeon Road and Parkside Crescent.

Live bands will be performing throughout the day on both sides of the river. A pancake breakfast will kick off the day at Northshore Lawn & Garden, along with an auction starting.

Other activities will include line dancing demonstrations, fireworks at dusk, a homemade strawberry jam sale, St. Paul's Anglican Church will be serving hamburgers, hot dogs and pie from 11 a.m. to 3 p.m. St. Paul's is located on North Water Street.

(more on page 4)

Accomplishment

It was busy at schools throughout the area last week as final classes were held and students anxiously awaited the arrival of their summer vacation. However, there was also recognition of accomplishment and achievement made during the past ten months. Amanda Bull, who just completed her first year of education at Archie Stouffer Elementary School's kindergarten program, reflects the sense of pride which all students shared as the school year came to a conclusion.

Minden embraces trails proposal

by Jerry Grozelle

Minden Council has thrown its support behind an ambitious proposal for a trails and tours network for the county.

More than a dozen people attended Thursday's council meeting to support this program, which is widely viewed as a major tourism promotion.

Representatives from the group promoting the program, including Laurie Roberts and Brian Dean, approached council with a bid for financial support.

"It is the county's ticket out of the recession," Dean said. "People want to be able to explore the environment."

"We have a good product and a wonderful opportunity," Roberts added.

The sales pitch was effective, with council agreeing to contribute \$3,885.30, which is the allotment the committee worked out based on a formula which takes into account all of the municipalities within the county.

'It's the county's ticket out of the recession'

The goal of the trails/tour network, as Roberts explained, is to promote tourism within the county.

"We want you to be aware that it is not just snowmobile and ski trails," she emphasized.

The trails this group wants to develop include all-season nature trails and even walking paths between such places as antique dealers within a given community.

A government grant of \$57,000 has already been obtained. The county has to come up with a third of that figure. The Chamber of Commerce has contributed \$5,000, the County of Haliburton Community Futures Inc. has added another \$5,000 and some townships have decided to lend their finan-

cial support.

It was pointed out to council that other areas have jumped on similar bandwagons, but this is the first time an area as large as an entire county has undertaken such an ambitious project.

All municipalities in the county are being approached for funding. The response, however, has not always been positive. Lutterworth, Snowdon and Sherborne have said no to the funding request. Dysart is sitting on the fence, waiting to see who else comes on board.

Dean, who is the President of the Haliburton Highlands Chamber of Commerce, said the project would draw tourists to the county, create jobs and help existing businesses.

Councillor Jeanne Anthon spoke in favour of the project. She said she has been involved with the proceedings since the beginning.

"I'd like to see our municipality support this project," she said.

The 1994 graduates from Archie Stouffer Elementary School in Minden assembled in the auditorium last Thursday evening to receive their diplomas from Education Director Brad Saunders. The graduates are: (front row) Genevieve LeFebvre, Amanda Payne, Cameron Leonard, Eva Milewski, B.J. Redner, Jade Hartin, Matt Cheeseman, Tonya Gartshore, Shane Flood, Jessica Belcher, Philip Daniels, Brianna Elder, Moogy Sennitt, Amanda McClennaghan, Wayne Kernohan, Brianne Mansfield, Monica Miles. (middle row) Chris Nielson, Cory Bull, Tim Kegel, Cheryl Smith, Luke Lester, Lindsey Sala, Jared Fast, Megan Sisson, Steve Ecclestone, Morgan Stackhouse, Chris Kerr, Christina Cox, Chris Little, Meghan Cox, Greg Simmons, Lisa Reinwald, Joey Fomenko, Danielle Berube, Nathan Johnson, Andrea Hughes, HopKor Yeung, Jennifer Orpana, Kristen Spencer, Jonathan Kegel. (back row) Tara Sisson, Brandi Hewson, Wayne Deans, Alyna Reesor, Glenn McGuire, Amanda Hill, Ben Hirstwood, Allie Marsh, Trevor White, Jamie Read, Corey Casey, Kristy Bye, Ryan Anderson, Jason Horsely, Rod Upton, Clay Davis, Kevin Windover, Jaklin Johnston, Ashley Walker, Melissa Turner, Luke Cameron, Mike Moore, Kelly Frey. Absent from the photo is David Moore.

Challenges and Change *ASES grads are ready*

It was a year of changes and challenges for Minden elementary school students, said former principal McKay Brydon during the Grade 8 graduation ceremonies last Thursday.

Brydon, who was the guest speaker at the ceremonies in the new ASES auditorium, said the graduating class has met the challenges and coped well with the change.

The fact that they are moving on to secondary school is proof that each of the graduates is ready for the next step in their education, he said.

One of the more cumbersome challenges faced by this year's graduating class was the accommodation crisis at the start of the year.

While construction was underway at their own school, the senior students from ASES

were put up in the auditorium at J.D. Hodgson in Haliburton. Despite the awkward setting, the students and staff managed to start the year off right. And when they moved back to Minden, Brydon said they coped well with the change.

Now these students are ready to move on to "a whole new set of challenges and changes next year," said Brydon.

"You're ready and that's why you're here tonight."

The students were not alone in dealing with the challenges of the past year. Principal Peter Forgrave extended his appreciation to the staff -- in particular the caretakers and secretaries.

The caretakers worked long, hard hours to get the school ready for the students' return and to keep ahead of the dust

once they were back. "Thanks for taking care of us," he said to each of the caretakers.

The secretaries were equally helpful under these trying conditions, said Forgrave. At the worst of times, they worked out of boxes and shared a single telephone. "Still, they kept us on track, answered our questions, put ice on the kids' knees and kept smiling. They probably have as much to do with tonight's achievements as anyone."

Forgrave also offered words of encouragement to the graduating class. Forgrave, a former principal at HHSS, told them to go ahead with confidence into high school, to work hard and to have some fun. He also urged the students to strive to reach their goals. "You never know what you can do unless you give yourself a chance."

Action-packed weekend in store

(from page 1)

WEST GUILFORD: The community of West Guilford is going to start its Canada Day celebrations on June 30 with the crowning of Canada Day Miss and Mister Teen.

Over the two days, a number of activities for the whole family are planned. Included on the itinerary are: A Pine Lake swim, foot and water races, a horseshoe tournament, kids' races, baking contest, cross cut sawing and nail driving contests, a beef barbecue, a disc jockey, an amateur contest, flag raising and fireworks.

KINMOUNT: Kinmount's Canada Day celebrations will be held on Sunday, July 3. That will give local residents and visitors a chance to join in the celebrations twice.

It has been the custom in Kinmount in recent years to hold a family picnic at the fairgrounds

on Canada Day.

People usually start gathering at the fairgrounds at about 4 p.m., bringing a picnic lunch with them.

Local band **Harmony Road** will take to the stage at about 5 p.m., playing several sets throughout the evening.

Activities for the children are slated to get under way at 7 p.m. Various races, a fish pond and other excitement are planned to keep the youngsters occupied.

The Royal Canadian Legion Branch 441 will be the honoured guests to help celebrate its 50th anniversary.

At 8:30 there will be a flag-raising ceremony

The grand finale for the evening will be the fireworks, starting at dusk.

An estimated average of 1,000 people have turned out for the Canada Day celebrations in Kinmount for the past few years.

COBOCONK:

The Batting For Kids Lob Ball Tournament will be one of the activities that attracts people to Coboconk for the Canada Day weekend.

A dance at the Coboconk Community Centre and a fireworks display will be highlights Friday evening.

The lob ball tournament will continue throughout the weekend both in Coby and Burnt River.

An outdoor dance, featuring live band **Cadillac Ranch** is planned for Saturday night at the tennis court at Lions Park.

BURNT RIVER: The people of Burnt River and area will be participating in and watching the annual Batting For Kids Lob Ball Tournament Friday, through Sunday.

Organizers are expecting 70 or more teams to participate at this tournament, part of which will take place in Coboconk.

NORLAND: Ward Memorial Park will be the centre of activity on Canada Day for the Norland area.

The events will be "basically the same as last year" according to Fay Brown, one of the organizers of the celebrations.

Several games have been organized for competitors of all ages, including three-legged races, egg toss, foot board races, balloon toss and others.

Inside the community centre will be a number of booths.

HALIBURTON: Doug and Tom Hodgson will be conducting a two-hour historic walk through the village of Haliburton. Local citizens will be dressing up in pioneer costumes to reenact historical scenes.

The walk is scheduled to begin at the Head Lake Park dock at 10 a.m.

Trails, tours network offers stability, say supporters

(From page 1)

Gary Bloor, Chairman of the Minden Area Business Association, threw his support behind the project. He said that a trails network would complement such efforts as the Timbersport Festival in drawing tourists to the area.

"I hope council will go for it," he said. "We need the tourism. The more tourism we can generate, the more jobs we will have."

Gord Monk, of Monk's Funeral Home was another local business man who offered support.

"I urge very strongly that

council supports this very positive and worthwhile project," he said.

Minden businesswoman Pat Campbell, who owns Campbell's Garden Centre and Flower Shop, said that when the word trails was mentioned, she thought only of snowmobiles and skiers. She added that after the concept was explained to her, "I couldn't help but feel that I had to support this project. I think it's something we really need."

Wayne Cowling, owner of Hart Lodge had the following to add: "This is one of the largest initiatives I've seen since I came here. It's a very serious problem

if we can't find the money to support this. It is a long-term project that guarantees economic stability for the county for some time to come."

Of all the people who addressed the subject, not a single negative comment was heard. Those who took the time to speak in favour of the trail/tour network represented a wide cross section of the community. None stood to gain a direct financial benefit from the project. Only by successfully drawing tourist dollars into the county, do they hope to share in the rewards if the program lives up to expectations.

'Dav!' Meaghan returns with fond memories of Europe

by Kelly Pettinger

Meaghan Obee may have just returned to Canada from a year's exchange in Denmark, but her heart is still in Europe.

About 13 years ago, Obee had decided she wanted to go on exchange when she got older. Last July her dream came true as she bid her parents a hasty good-bye, boarded the plane and sought out a new, but temporary life in Denmark. She spent almost a full year in what she calls freedom.

"I was totally independent. I didn't have to ask for advice about anything I did. It was all up to me, and only me. Sure there were things I had to ask my host parents if I could do, but other than that I was on my own," said Obee.

After a year of independence, Obee noticed the difference since arriving home. It is one she freely admits she will have to adjust to as best she can.

"It feels really weird to be back. It's almost like nothing has changed here, just me. Some of the stores are different, and our kitchen has been redone, but nothing has really changed.

"I have had a lot of company. When I came home on Tuesday, I had already been up for about 36 hours, and I was really tired, but I didn't care because it was so great to see everyone. There was a banner hanging on the back porch saying, 'Welcome back to reality Meaghan!' and that was really nice to see," said Obee.

Obee was surprised to find she was more tired coming back to Canada than she was going to Denmark. "When I went to bed last night, it was actually like early in the morning to me. I lost six hours going over to Denmark, so that wasn't a problem, it's gaining six hours that is the problem."

Gaining more hours is not the only problem Obee has come across. Now that she has returned, she feels a lot different, and maybe older than her Canadian friends.

"Everyone is the same. The only thing that has changed about my friends is physical aspects. I feel wiser in life, but not wiser in school. I didn't learn a thing educationally. I did learn a

Meaghan Obee enjoyed the freedom of life in Denmark.

lot about art because I travelled around Europe. I also learned about people and life, and about relationships and languages. I'm completely fluent in Danish now. It's more difficult for me to speak English now," said Obee.

Upon arrival in Denmark, Obee attended a compulsory language school where she learned "absolutely nothing." Instead of concentrating on studies, she and over 100 other students got together and made long-lasting friendships and had parties.

"It was the most incredible two weeks. I didn't learn any Danish. I could say that my name is Meaghan and I was 16-years-old, but that was about it. We all got to know each other really well, and we lived together in dorms, without curfew and we never had to go to bed at a certain time. The only deal was we had to get up at eight to go to breakfast. The classes were really easy," said Obee.

From there Obee went on to the first of her three host families. The first she stayed with for four months in what she calls an un-typical Danish home. "I wasn't allowed friends for the four months I was there," she said.

But the last two families she

visited made her feel more welcome and like one of the family. At both of these homes, Obee was allowed to "be my own person" and go wherever she wanted, and when she wanted. She didn't even have to go to school if she didn't want to. But she always did.

"The school over there is very social. They have 45-minute classes with five-, 10-, or 15-minute breaks between, and lunch on top of that. In a sense it was more like a university, because of all the breaks and spares. The school I went to was a school for kids who wanted to go on to university. There were only three grades, equivalent to grades 11 to 13, so it was a smaller school. But the biggest high school in Denmark holds about 700 students," said Obee.

Obee is happy to be back, to see her family and friends once again. She looks forward to returning to her old high school, but she will never forget the times she had in Denmark. She has two large scrap books and many mementos to remind her if she forgets.

"They are memories I will always have with me forever."

Amanda Woods is preparing for a year in Holland courtesy of Rotary Exchange

Headed for Holland

by Kelly Pettinger

She may be only 17-years-old, but Amanda Woods will experience more in one year than many people do in a lifetime.

On July 22, Woods will be travelling to Friesland, Holland on a one-year exchange sponsored by the Minden Rotary Club.

The club has a program, the Rotary Youth Exchange, which sends one student from the club's area to a different country, while a foreign student comes to Canada. Rotary will provide a place for the student to live and go to school.

Even though Rotary sponsors the trip, there are still expenses to cover. "I have to pay for everything. I have to pay for my plane ticket, and all my expenses. The Rotary gives me an allowance from \$50 to \$100 a month, but I'm not sure of the exact amount. We have to pay for a lot of it ourselves because they don't know how much I would spend. They don't know how much entertainment I'm going to want," said Woods.

Woods will be staying in Friesland's capital city, Leeuwarden.

"There are about 85,000 people in Leeuwarden. It's a little bit bigger than I hoped it would be, but

I'm not complaining. I've lived (in Minden) since I was two, so it will be different going to such a big place," said Woods.

Woods has been thinking about going on exchange since she started high school. "I've wanted to do this since grade nine, but my parents didn't want me to go. I guess I wasn't ready either. But I am now. I'm really excited and a little bit nervous, but I'm really looking forward to it," she said.

In September Woods approached her English teacher and asked for an application for the exchange. "The application just asked basic questions like, why I wanted to go on exchange, what my average was in school, and what countries I wanted to go to. Holland was my first choice. I also chose Germany and Sweden. My mother is Dutch, and my grandmother has been telling me what to expect when I go over," said Woods.

Woods, who has allergies, did have a problem trying to find a family without pets. "There was a problem, and my trip might have been cancelled because they didn't know before how severe my allergies are. I got two phone calls about two weeks ago from Holland, and they said that they still wanted me to come over. They fixed it so I

would have no problems."

The only other problem is that exchange students are not allowed to find employment while in a different country. "We would be taking a job away from a student in that country, so it's not allowed," Woods explains.

Woods doesn't think she will have a problem with communication. "The Dutch speak a lot of English, and I will be going to language school for the first two weeks I'm there. I think two weeks will be enough time to learn what I need to know, and the people over there seem really nice, and they are willing to help," she said.

While she is on her trip Woods will lose a year of her schooling, but it's not a problem for her.

"I won't get any of the credits I earned when I'm over there, mostly because it's so different. I know that kids over there have to go to school until they are 16, by law, so there is a possibility that I will be going to a college-type school. I will miss a year of high school, but the experience makes up for it."

"I think this will be a wonderful experience, and something I will remember for the rest of my life."

The Johnson's 50th Anniversary was a great success!

We would not have gotten through it all without the help of the great people of Stanhope and all the special friends Dave & I have that spent their whole Sunday, and many hours previously working so hard. Carol Moffatt, Tony Aymong, Myrlene & Yvette Foster, Joe Johnson, Karen Cummings, Ann Barker, Brian Chambers, Jock Mavor and of course Judy Carpenter (for my emergency cake help) you're all such good friends to take the time to help us out to make such a special day for Elvin and Ruby. Thank you, thank you, thank you, what more can I say to a bunch of friends that just won't quit!

Between a tree and a hard place

To cut, or not to cut?

Minden Council is faced with another tough decision, but this time it has little to do with taxes.

The willow trees that line the riverbank in the village have apparently reached maturity and council is left with a no-win situation. Whether they choose to cut and replace the trees or leave them standing, council is in a bind.

The Minden riverbank is the centerpiece of the village and the old willows with their branches stretched out over the water are the crowning glory. The willows provide cool shade to the strip of park land, but their worth goes well beyond this. Their limbs are popular with youths who like to climb out over the river and jump or swing into the water. Their appearance also adds a gentle charm that won't be matched for years by any replacements.

Now that we've made an argument for saving the trees, we must also look at the other side of the story. Forestry experts have examined the 29 willows and discovered heart rot in most. What this means is that the trees are gradually dying. Regardless of council's decision, it's only a matter of years before they're all gone.

If council opts to leave the trees, there will be potential for injuries should a falling branch hit someone. Further, a delay in the removal of these trees will ultimately mean added costs for the township. Council has secured funding under the infrastructure program for work on the riverbank, which means two thirds of the removal costs will now be covered by grants — grants which will not be available in the future.

This is the dilemma that council faces. They're damned if they do and damned if they don't. Surely, no one on council wants to be credited for the decision to cut down these beautiful old trees. The alternative, however, is merely a postponement of the inevitable.

Hopefully, a middle ground can be found here by removing the worst and tending to the best. By extending the life of a few of these trees, the township will maintain some of the riverbank's charm during the years it takes for the replacement trees to take hold. Whether this is a viable option remains to be seen, but it is worth investigation.

R.D.

Minden Timbersport is tops

Editor,

I recently competed in the Minden Timbersports Festival and would like to thank all of the people involved in the planning, preparation, operation and clean up of the festi-

val. Your work is greatly appreciated by those of us who were able to "play" (compete) on Saturday.

I compete on a regular basis in lumberjack events (15 to 20 a year), and feel that your show is one of the best run and organized

events. This, plus the quality of events, wood, and prize money, makes Minden one of my favourite shows.

Dave Engasser,
Victor, New York
1994 overall champion.

Gravel tops pavement, says resident

Editor,

I read your article in last week's Times and I heartily agree with Mr. Johnson's remarks. I am a resident of Reynold's Road and oppose the paving of it. This road is kept in remarkable condition and only so because it is a dirt

road.

As well, groups of adults and children walk along the road and bicycle along it. Speeding cars present a small problem at the moment, but to pave it would be sending a message to increase the speed. We all know that posting speed limits does not deter certain drivers from exceeding the

limit.

Also, Reynold's Road has never presented the problems that the Blairhampton and Bethel Church Roads have over the years with the potholes and heaving of pavement due to frost.

G. Parkes,
Minden

Opinion

The Times welcomes signed letters to the editor on subjects of interest to our readers. Short letters are most likely to be chosen for publication, but the use of any material is at the discretion of the editor. The editor reserves the right to edit letters to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy.

Upon request, names may be withheld, but only very rarely and for compelling reasons. Letters published do not necessarily reflect the editorial policies or beliefs of this newspaper. All letters must bear the handwritten signature of the writer and include the address and phone number for verification purposes.

Casting stones at offensive sign

Editor,

As a Catholic, I was greatly saddened to return to Minden this spring and find the lawn display in front of Our Lady of Fatima Church, "mourning 25 years of abortion."

Anyone having any access to the media today must surely be aware of the Catholic church's official position on abortion, so why the display? Presumably, it is to engender guilt in the mind of anyone who has had, or is contemplating an abortion. Rather than being so quick to subliminally condemn all who do not hold the same biases as oneself, surely one would do better to recognize that life often forces people to make difficult choices. As the Right to Life group admits in its media blitzes, abortion is not an easy choice. Some people, however, may deem it necessary in their lives. A foetus conceived through rape and/or incest might be one example.

Let us not be so sure of our dogmatic positions, which could even be argued otherwise, both scientifically and biblically, that we start to cast stones at our fellow man, when we ourselves have never had to walk in their shoes. Have we forgotten that Jesus refused to condemn the woman taken in adultery, when her fellows wanted to stone her (John 8:11)?

Perhaps if this world followed the particular tenet of Christianity that Jesus alluded to in Mathew 7:3 and Luke 6:41, about looking at the speck in our brother's eye and paying no attention to the log in our own, we would all be better off.

Patricia M. Gibson

Litigation lunacy runs rampant

Is it just me, or are things actually getting weirder out there?

I'm talking about all the lawsuits going around. A few years ago a guy in my neck of the woods got drunk, drove into a quarry, broke his neck — and then sued the township for damages.

And won. I thought that was about as dumb as the law could get. I was wrong.

As I speak, Black Flag, the insecticide people, have yanked a TV ad that featured the playing of Taps over some cartoon bug carcasses.

A veterans' group had threatened to sue.

A life insurance ad that features a haggy old witch with green skin and a chin wart has been publicly slammed by — but of course — a Witches Rights group.

Why didn't they just turn all the insurance adjusters into toads?

Litigational lunacy seems to be the soup du jour.

There's a guy in Fort Worth, Texas, who's suing Weight Watchers. He contends that the weight-loss company's refusal to change the way it conducts its meetings is illegal and an infringement on his rights.

The guy bringing the suit, you see, is deaf . . .

... orally challenged. So he figures Weight Watchers meetings should offer sign language as well as conventional conversation.

We're getting so lawsuit happy that just the threat of legal action can paralyze whole communities. Consider the case of Jeffrey Klein and his burglar alarm. Last month, Jeffrey left on an extended trip to the far east. Four days into his trip, a neighbour tracked him down by telephone in Singapore.

It was the burglar alarm in his house back in Maryland. It had gone off on its own and had been jangling

*The law is a ass,
a idiot.*

Charles Dickens.

Black'n White by Arthur Black

without a break for 48 hours. Would Jeffrey please grant permission to shut it off so the neighbourhood could get some sleep?

Sure, said Jeffrey, go ahead.

But nobody wanted to take on the job.

Even though Jeffrey Klein gave blanket permission for someone — anyone — to go into his house and shut off his alarm, nobody was willing to do it.

They were afraid of liability.

It wasn't just the neighbours. The police refused to

go in. The public utility refused to cut the power.

The burglar alarm kept ringing.

One of Klein's neighbours went to court to get an order to shut the damned thing off, but no judge would sign the order.

Meanwhile, Jeffrey Klein was burning up the telephone lines from Singapore trying to find somebody intrepid enough to go into his house and flip a wall switch. He finally convinced a police officer to do it.

It took the cop less than a minute to turn off the alarm which by then had been shrieking for six full days.

Then there's the case of Steve Bowskill. He's a druggist in the town of Colborne, Ontario — a druggist who's been held up eight times in the past two years.

Late one night last winter, Bowskill was awakened once

again to the sound of smashing glass. He got downstairs in time to see two junkies throwing fistfuls of narcotics into a van.

Which is when Bowskill, a marksman, raised his pistol, squinted down the barrel and fired.

Blowing out the tire of the delivery van.

Well, the wheels of justice, though notoriously balky, can positively hum every now and then. The powers that be wasted no time getting right to work on the Colborne break-in.

Steve Bowskill was charged with careless use of a firearm and unsafe storage of a gun.

As I speak the crown attorney in the case is doing his level best to jail a man whose biggest crime was protecting his property and preventing — without bloodshed — a crime.

The law is a ass? You said it, Chuck.

On the Street

by Times Staff

BOOMERS

It has a 50's-60's motif and is dedicated to those of us with fond memories of our teen years. But, that doesn't mean it won't be a popular attraction with just about everyone. Mark Brohm opened the doors to his restaurant, Boomers, last Wednesday. The name, of course, refers to the post-war generation known as the baby boom.

VILLA E DONUTS

The final touch was added to the new front on Village Donuts, Minden Book & Stationery and Highland Images in Minden. Three awnings now mark the front of each of these businesses on the Main Street and gives each a distinctive look. We've heard more than a few comments on how nice the flowers in the window boxes look.

UNDERCOVER BOOKS

Pat O'Beirn tells us that famous wildlife author R.D. Lawrence will be in attendance at her store Saturday July 13. Mr. Lawrence is well known for his writings on wolves and the wildlife of Canada. He will be there to chat with readers, autograph books and will also be promoting his latest book, *The Green Trees Beyond*.

RE/MAX

It is always a pleasure to see the talent we have in our community being put to use for good causes. We salute Vince Duchene of Re/Max Real Estate, who is also a member of the band *Summerwind*. The band is teaming up with the Haliburton Rotary Club and are sponsoring a Miracle Dance July 9 with the proceeds being split between the Haliburton County Hospital fund and the Hospital for Sick Children on Toronto, two worthy causes. Vince is still looking for door prize donations, so if you have an appropriate item give him a call at 457-1011.

COUNTRY PICKIN'S

Laurie Brohm has announced that she will be opening a clearance clothing store in Haliburton. The owner/operator of Country Pickin's on Highland Street in Haliburton, said the store will be located in the lower level of the building she now occupies and will be geared to the bargain conscious.

PERSONNEL CHANGES

Stephen and Stephanie Hartwick are pleased to welcome Kim Cowen to their staff. As of the end of the month Kim will be managing the two B'wana John's import and gift stores in Haliburton and Fenelon Falls. Down the street, at the Highland Images store, Jean Jeacocke will be taking over as manager of that gift store.

Jacqueline Marion Ziörjen-Coburn, daughter of Margot and Gino Ziörjen of Minden, graduated from the Canadian College of Massage and Hydrotherapy on June 26, 1994.

Jacqueline will be practicing as a Registered Massage Therapist and plans to open her own clinic in Minden in the near future.

Making a case for turbans in Legions

Editor,

I rarely write letters to the editor. This, however, will be my second this week, as I cannot leave unchallenged M. Joan Irish's letter re Sikhs and Jews being welcome in the Canadian Legion but not their religious symbolism. She does raise some very valid issues. Should religious symbols be allowed in Canadian Legion halls? Do private organizations have the right to set any rules they so desire? Is the turban worn by Sikhs merely part of a uniform?

To the question as to whether religious symbolism is allowable in Canadian Legion halls under the current mandate, the answer is a decided yes. People go in and out wearing crosses, crucifixes and stars of David, all religious symbols. Presumably Christian clergymen wearing clerical collars are welcome also.

The issue is not over religious symbolism, but over religious headgear. In the Legion, it has been considered a mark of disrespect to fallen comrades to wear a hat in the hall. At one time, we had other customs that were likewise done out of respect. One would not attend a funeral wearing a colour other than black. It was disrespectful for women not to wear hats in church. Gentlemen wore hats too, but respectfully removed them when in-

side. Only virgins wore white when they married, out of respect for the then code of honour.

In our not too distant past, private Canadian clubs excluded Jews with or without yarmulkes. Those were the rules, presumably also democratically reached, set by those private organizations. Private Canadian businesses, also presumably having the right to set their own rules, once posted over their entrances large signs reading, "No Irish Need Apply." Rotary International, that Ms. Irish cites as another organization setting its own rules, at one time excluded women from membership. Using Ms. Irish's criteria, Rotary, in looking at possibly modifying their rules in this area in the sixties, could have decided that women could attend, but only if there was no outward appearance indicating their gender. There was even a time, Ms. Irish, when women did not have the vote, and presumably, when letters to the editor written by women were not published. Should we return to those halcyon days?

Ms. Irish cites the turban worn by Sikhs as being the uniform of their regiment while fighting for the British crown. How does she suppose that uniform came about? Is she perhaps suggesting that the Crown chose to outfit one of their regiments with the turban, which then, in turn, became religious

headgear of Sikhs? If she checks her history, she will find that the Crown, recognising the importance of this religious symbolism to that particular community, as well as the safety factors involved (orthodox Sikhs do not cut their hair), opted for a Sikh regiment, turbans and all.

Thank God that not all veterans feel as Ms. Irish does. But then they had to fight the Nazi threat, and watch their comrades die, so that we did not have to live in the type of world Adolph Hitler would have imposed on us, a world peopled only by blonde, blue-eyed Aryans. Canada and its immigration policy has changed since our veterans valiantly fought in order that we be free. One might say that those changes have not all been good, if they allow criminal elements to stay in this country. All immigrants, however, are not criminals. Some are veterans who likewise fought Nazism, though they may not have been in the Canadian Forces during WWII, due to the demographics of the time. Both men and women fought and died to rid this world of tyranny, intolerance and hatred. They were of many religious persuasions and nationalities. Let them not have died in vain, please.

White Water Slalom

The Ontario White Water Slalom Trials will be held at the Minden Wild Water Preserve on July 1, 2 and 3.

Bantam B Royals continue to play competitively, in spite of record

by Jerry Grozelle

The bantam B Royals hardball team may not have any games in the wins column (going into this past weekend), but that doesn't mean the team hasn't had some highlights.

The Royals haven't lost every game. They battled to a 12-12 tie against Fenelon Falls on June 5.

They have also given up a couple of heartbreakers by one run. Those games could have gone either way.

One of those one-run losses was by a 7-6 margin against Coboconk on June 3.

Minden coach Bill Little described that game as one of the team's best of the season, in spite of the loss.

Another highlight was the

game against Cameron a few days later, on June 8.

The outcome was an 11-8 win for Cameron, but Minden's Ashley Walker led a gallant come-back attempt, hitting a grand slam home run late in the game.

The Royals played two games on June 19. The first was a home game against Coboconk.

The game was tied at 3-3 going into the last inning when Coby eked out another close one, winning by a 4-3 count.

Philip Daniels, Clay Davis and Wayne Kernohan scored a run each for the Royals and Walker had a good day at bat in both games.

Daniels was the starting pitcher, hurling the first four innings and Walker took over to

finish the game.

The day's second game saw the Minden boys come home from Bobcaygeon on the short end of a 14-6 score.

The home side capitalized on a few Minden errors to overcome a 5-0 lead that the Royals built up in the first frame.

Walker had a pair of hits and one run scored for Minden. The other run scorers were Wayne Kernohan, Cameron Neville, Daniels, Chris Little and Adrian Rollings.

Little started the game on the mound for Minden and Walker finished.

In spite of their record, the Royals remain competitive.

The next home game is scheduled for Sunday, July 3 at 10 a.m. when they will play host to Coboconk.

Close encounters the rule in last two peewee B #2 contests

The Minden peewee B #2 Royals battled to a 9-9 draw when they played host to Cameron on June 19. The game was shortened to five innings because of time constraints.

Colin MacKenzie pitched the first three innings for the Royals, giving up seven hits and two walks. He recorded three strikeouts in the process.

Paul Daniels finished the game on the mound, striking out one while allowing five hits.

Offensively, Adam Bathe led the team, going 3 for 3 at the plate. Colin MacKenzie, Mike Hamilton and Robbie Solomon had two hits each.

Minden's nine runs came off 11 hits and eight walks while the Cameron boys earned their nine runs from 12 hits and two walks.

The Minden squad went to Bobcaygeon on Wednesday, June 22, with the Royals coming out on the short end of a 13-12 score.

Michael Hamilton pitched the first three innings for the Royals. He got off to a rocky start in the first frame, giving up four runs. Hamilton recovered to tally seven strike-outs while allowing six hits and two walks.

MacKenzie had a rough night in relief, surrendering three hits and eight walks while fanning two Bobcaygeon batters.

The Minden boys controlled the game offensively over the first two innings but were shaken when their catcher, Brock Ladurantaye, was injured in a collision at home plate. Ladurantaye earned accolades from his teammates by holding onto the ball to record the out.

Paul Daniels did a good job of filling in as catcher and the Royals mounted a strong come-back attempt in the final inning, falling one run short of tying it up.

MacKenzie and Hamilton

led the Royals in batting with two hits apiece while Ladurantaye, Daniels and Trevor Cole had one hit each.

Jonathan Lynch, Adam Bathe, Dru Adamson and Aaron Gibbons continue their solid infield play while Taylor Goodman anchors the outfield at centre field.

The team played yesterday on home turf against the Cambray #2 squad.

The Royals are slated to play a return match against Cambray #2 tonight (Monday) at 7:30 in Cambray.

The next home game will be on Sunday, July 6 at 6:30 p.m., when they will tangle with Bobcaygeon.

Haliburton holds third place in Soccer League

Haliburton is in third place in the Huronia District Soccer League's B division after a 2-0 win over the Orillia B team on June 19.

Brandon Hatfield and Lutz Haedicke were the goal scorers for Haliburton.

In five games, Haliburton

has three wins, one loss and one tie for seven points.

The Huntsville Strikers and Collingwood Knights are tied with 10 points each, although the Strikers have played one more game than either the Knights or Haliburton.

Minden shuffleboard players win gold and silver medals

Gold and silver: Joan MacKenzie and Elinor Smith of Minden (top photo) were the gold medal winners of the Muskoka/Haliburton Senior Games Shuffleboard competition. The finals were held in Minden on Tuesday, June 21. The silver medal went to Maurice and Dorothy Boyd, also of Minden (bottom photo). The bronze medal was won by Betty and Joe Higgins, who represented Muskoka.

A swing and a miss: Ellen Brohm of the Willison Construction team takes a swing at an offering by Confederation Log Homes pitcher Cori Roberts during last Monday's minor softball game. The Confederation team came out on top in that game. Minor softball games are played Monday, Tuesday and Thursday evenings at the Minden ball diamonds from 6:30 to 9:30. The T-ball games take place Thursdays at the Archie Stouffer Elementary School ball diamond starting at 6:30 p.m.

Area skaters pass tests

Thirty skaters from Bancroft, Haliburton, Lakefield and Minden took part in the Highland Skating School recently in Haliburton.

Aggie Tose, Tammy Pritchard, Jane Symons, Lisa Carr and David Hollows were the professional coaches who contributed to the accomplishments of the local skaters.

CANSKATE BADGES

Amanda Barnett — novice IV; Mark Fisher — Novice II; Mike Fisher — basic; Devon Hunter — elementary; Tammy Johnson — novice III; Julie Moore — basic; Amy Wood — basic and novice I, II and III.

TEST PROGRAM

Preliminary Dances: Dutch Waltz — Vanessa Eastmure, Tori Browne and Trisha Hunter. Canasta Tango — Tori Browne.

Junior Bronze Dance: Swing Dance — Teri Sisson. Fiesta Tango — Sarah Wilbee. Willow Waltz — Jasmine Wilson.

Senior Bronze Dance: Ten Fox — Kimberly Stelter.

Junior Silver Dance: Harris Tango — Sophia Kolios. American Waltz — Sophia Kolios.

Vanessa Eastmure and Trisha Hunter passed both parts of their Preliminary Figures.

Katherine Hagerman, Kimberly Stelter, Teri Sisson and Kate Heming passed both parts of their First Figures.

Louise Howell and Sophia Kolios

passed the turns of the Fourth Figure.

Marita Schrader passed both parts of her Sixth Figure.

Louise Howell passed the element portion of the Junior Silver Freeskate.

Janene Garbutt and Lisa Carr passed the Gold Freeskate test.

Garbutt is the first member of the Minden Skating Club to have ever achieved this highest level of the freeskating discipline.

Lisa Carr is currently a member of the Millbrook Skating Club, one of several clubs she has coached with during the past three and a half years. It has been difficult for to find time for her own skating, adding to the sense of accomplishment for her. This is her third gold test. She has already completed the Gold Dance and Gold Artistic tests.

Carr says she is looking forward to returning to the Minden Skating Club this fall as a professional coach.

Officials of the Highland Skating Club offered their congratulations to the skaters for their hard work and dedication.

The Highland Skating Club is operated by both the Haliburton and Minden Skating Clubs. Toni Carr is the administrator and Linda Schrader is the assistant administrator.

Officials of the Highland Skating Club, on behalf of both local clubs, congratulated Toni Carr as the Vice-Chairperson on the Eastern Ontario Section. Fall skating at the Highlands Skating School beginning in early September.

RCG peewee B Royals down Bobcaygeon 11-9

by Jerry Grozelle

Knowing they had the game in the bag, the Minden Regal Capital Group peewee B Royals' defense took a break in the last inning of the June 19 home game against Bobcaygeon.

The game was only going to be five innings long with curfew approaching and the Royals were up 11-5. With the five-run maximum per inning, there was no way Bobcaygeon could catch up. But, as it turned out, the experience of that Bobcaygeon half of the fifth was good for both teams.

Bobcaygeon went home just two runs down after scoring four in that fifth frame. Any time a team scores four runs in an inning it's a positive learning experience.

The Minden boys, on the other hand, learned that you can't let your guard down and expect to keep the opposition off the scoreboard.

Darren Gilbert pitched the first two innings for Minden, keeping the Bobcaygeon team from getting any runs. He struck out the side in the first frame and got some help from his teammates in the second.

In that second inning, the lead-off batter for Bobcaygeon got on base with a single. He stole his way to third. Royals second baseman Aiden McKnight caught a fly ball for the first out. The next Bobcaygeon batter hit a line drive to first base, where Andrew Graham made the catch. Graham turned and fired the ball to third baseman Adam Payne to catch the runner, who had started for home. That double play ended the inning and the Bobcaygeon threat.

"That was a good, heads-up play," said Minden coach Larry McKnight.

Payne took over on the mound for the third inning and Jonathan Swinson pitched the last two.

Swinson wielded the heavy bat of the day for the Royals. He hit two triples and scored three runs. Graham and Jordan Osinchuck scored two runs apiece in the winning effort, with McKnight, Payne, Gary Kernohan and Shawn Casey adding one each.

Minden scored five runs in the first, four in the second and two in the fourth.

Bobcaygeon got five in the third and four in the fifth.

The next game for the Royals will be on Sunday, July 3 when they will play host to the Cambray #2 team. Game time is 2 p.m.

Kinmount teams win two of three classes in dart tournament

The Kinmount foursome of Rick Harwick, Dan Harris, Sue Maxwell and Holly Loughheed took first place in the Bacon and Roach Memorial Dart Tournament at the Kinmount Legion on June 4.

Second place in the team competition went to Haliburton's Fred Knight, Vi Hoall, Maxine Cross and Ron Hoall.

In the doubles competition, the Bobcaygeon duo of Wayne Patterson and Karen Patterson captured first place.

Dwight Fountain and Dot Spiers of Kinmount placed second.

Rick Hartwick of Kinmount took top honours in the men's singles while Eileen Shepstone of Kinmount was first in the ladies' singles category.

Rick Hartwick also won the high score for the men while Chris Curtis

HCDC gets top marks in Ontario

The Haliburton County Development Corporation is one of Ontario's leading Business Development Centres.

At the annual conference of Business Development Centres in Midland on June 9 and 10, the HCDC led the province in two categories. Total loans advanced exceed \$5.7 million, 25 per cent more than its nearest counterpart.

Additionally, the HCDC continues to have more than \$2 million in loans outstanding in Haliburton county, which tops the province.

This is a noteworthy

achievement when compared to the other 54 corporations in Ontario, most of which draw from populations in excess of 55,000.

The 13-member board of directors is satisfied with the recognition and their role in contributing to the development of business in this county.

Future plans for the HCDC include negotiating mergers with the Community Futures Program and the Parry Sound Muskoka Credit Union.

For additional information regarding the services of the HCDC, contact Andy Campbell at 457-3555.

Seniors benefits will rise again this October

Benefits for the period of July to September 1994 for Old Age Security, Guaranteed Income Supplement, Spouses Allowance, Widowed Spouses Allowance and Gains will remain the same.

The following rates will apply until October 1, 1994: Old Age Security - \$387.74; maximum Guaranteed Income Sup-

plement for a single person - \$460.79; for a married recipient - \$300.14; Spouses Allowance - \$687.88; Widowed Spouses Allowance - \$759.42.

If you have a question regarding these rates or need help completing an application, contact your nearest Information Centre in Haliburton or Minden.

Edith Russell celebrated her 93rd birthday with friends at Club 35.

93 candles for Edith Russell

More than 30 friends gathered at Club 35 last Tuesday to extend their best wishes on the occasion of Edith Russell's 94th birthday.

The birthday party, which was organized by Meals on Wheels, featured a luncheon and some kind words from some of Russell's close

friends.

Russell was born on June 21, 1901 and has lived at Halls Lake for most of her life. Now at 93 years of age, she continues to be active in the community, particularly in relation to activities at Club 35. She is a regular at the euchre and bingo nights. Whenever there is an

event, Russell is sure to be in attendance.

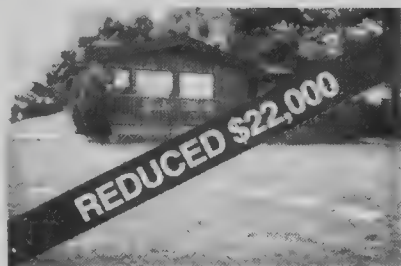

Russell is more than a participant. She often lends her talents by baking pies or cakes for club activities. A short while ago, she stitched a quilt for the club, which was used as a raffle prize. The raffle raised \$1,803 for the club.

Riverbank trees may meet with the axe

Riverbank improvements in Minden could leave Minden Council between a rock and a hard place.

Although municipal officials took all the right steps, they are bound to get some opposition if any trees are removed from the riverbank as part of the proposed waterfront improvement.

The expected uproar centres around the 29 black willow trees along the riverbank between the Main Street bridge and St. Germaine Street, most of which are at the end of their life expectancy.

Council had Ministry of

Weeping Willows

Natural Resources tree experts examine the trees along the bank.

Ministry forester Peter Hynard presented a report to Council, outlining the findings and recommendations.

All of the willow trees along the river were examined

by forestry technician James Munn and all are considered to pose some degree of risk to the public. The trees that can be saved need immediate attention and several are considered to be in such bad shape that their removal is recommended. Munn found that

many of the black willows were suffering from heartrot, a condition that structurally weakens the tree and makes it prone to breakage at major forks, especially during wind or ice storms. Heartrot is common to mature willows and the problem is extensive in

some cases.

Evidence of die-back is obvious in a number of the willows as well. Dead limbs are a hazard to anyone walking (or boating) under the trees.

Shady Dealings: Council ponders willows' fate

(From page 17)

The black willows are only one of about 10 species of trees along the riverbank. But if most of the willows are removed, it will leave a noticeable void.

Hynard presented a detailed report on the condition of the trees by the river, along with recommendations and alternatives. He said he wouldn't recommend replanting black willows, though. They are fast growing but their life span is relatively short (55 to 85 years), which would result in more problems a few of generations from now.

The chainsaws won't necessarily be sharpened up and put to work immediately. Council members want time to digest the contents of the report. They will weigh the options before any drastic measures are taken. They won't however, be able to put off their decision for long. The riverbank improvement

project is a part of the infrastructure grant program, which will have to either be started or scrapped within a limited time frame.

If the inevitable is postponed, the municipality could end up footing the entire bill for the removal of the problem trees. Or worse, it could find itself embroiled in a law suit if someone is injured or property is damaged by falling willow limbs.

A number of alternative species to replace those which will have to be removed were suggested. Norway maple, green ash or red maple were three hardwood species that were recommended. The Norway maple would be ideally suited to the situation and would be the ministry's first choice as a shade tree. It is resistant to root confinement and salt-loading from winter snow removal operations. It can also withstand periodic disturbances caused by excavations nearby.

The report states: "It is rela-

tively fast growing, has a full crown which casts a dense shade and has an attractive form. Its leaves turn colour later than our native maples and its fall colour is pale yellow. Its limbs are strong and durable."

The red maple is more prone to limb breakage but is still a much better choice than black willow. Red ash trees are hardy and strong, but don't provide as much shade as either of the maples.

Ministry officials also recommend white pine, which has an extremely long life expectancy. It is tolerant of root confinement and excavation and has a "majestic appearance" when mature.

One drawback with the white pine is its susceptibility to deformity caused by weevils when it is planted in the open. For that reason, it is recommended that they be planted in groups and thinned when deformation from weevils occurs.

Final bell welcomed by all

Happiness was expressed in a number of ways Friday noon at Archie Stouffer Elementary School. As the dismissal bell rang for the last time, the students poured out of the doors, eager to begin their summer vacation. There was another group of people who also were relieved to hear the bell sound for the final time. The teachers gathered at the back of the school to wave goodbye to the students as the buses pulled out of the yard. After the last one had turned the corner, and to the delight of her fellow staff, Marg Valentine continued her tradition of saluting the end of another school year with an energetic cartwheel.

PARTICIPATION

Make your move.

A CHANGE OF WHEELS: Grade eight student Christina Cox had a special presentation for her bus driver on the last day of school. She presented Evelyn Hosken with a bouquet of flowers in appreciation for her years of service behind the wheel. Evelyn, may be giving up driving a bus, but she'll still be behind a steering wheel. She has acquired her class 'A' licence and is teaming up with husband Art to drive 18 wheel transport trucks on cross-country runs. The couple will be working for N. Yanke Transport out of Toronto.

Real estate office finds new home

Officially open: Anson, Hindon and Minden Reeve Bern Berry cuts the ribbon to officially open the new Bowes and Cocks Realty office in Minden. The ribbon is held by Bowes and Cocks representatives Lynn Craigmyle, Haliburton Regional Manager (left) and Dave Cocks Vice-President. The group celebrating the grand opening includes: (l to r) Manager of the Apsley office Gary Prebble, Victoria County Regional Manager John Harris, sales representative Jessie Pflug, Peterborough County Regional Manager Carl Edwards, Muskoka Regional Manager Jim Graham, Secretary Brenda McKinlay, sales rep Lynne Hodgins, sales rep Larry Hussey and Peterborough Office Manager Fran Cocks. Comptroller Dave Morton is hidden behind Craigmyle.

Bowes and Cocks Realty officially opened its newest office in Minden on June 21. The office was relocated to the former Moynes Furniture building at Highway 35 and Bobcaygeon Road in Minden.

The real estate company officially took possession of its portion of the building on April 1 and renovations have been in the works since then.

"We're really excited about the location," said Lynn Craigmyle, Regional Manager for the Haliburton District.

Bowes and Cocks has had an office in Minden for at least 26 years, Craigmyle said and in Haliburton for about 30 years.

The new office is about 1,200 square feet, which is considerably larger than the previous location.

"We're already enjoying some nice business here," Craigmyle said after the official grand opening. The doors opened for business the day before.

Craigmyle said Bowes and Cocks has developed a computer property tracking system that is especially user friendly for real estate people.

Dave Cocks, Vice-President of the company took great pride in showing off the Bowes and Cocks state of the art computer software that has recently been developed. He said that it is superior to any other real estate-related software system in use today. It is continually updated and he says every property in the area covered by Bowes and Cocks Ltd. can be found in the system. They need to know as little as a partial name of the owner and the general location (county) in which it is located, to find a specific property in the system.

As an example, if someone is looking for property in Haliburton County with 100 acres or more, with water frontage

and outbuildings but no residence, the system will list all of the properties in the county (or township of choice) that fit that description, whether or not they are for sale.

Bowes and Cocks currently has 15 agents in Haliburton County, with two more in training to come on board.

How is the real estate market now, Craigmyle was asked?

"I'm not sure we've found the bottom of the market yet," he said. "Certain segments are quite active, but others don't exist."

Craigmyle estimated that real estate values are down 30 to 35 per cent from what they were during the peak of 1989-90.

A tribute to the nervous bride

The Women's Missionary Association of the Minden Bible Church had their monthly meeting last Tuesday night, dedicating the theme of the evening to the bride.

"We always have a theme at our meetings, and since it was June we decided to have a theme called, 'Remembering the Bride,'" said Dawn VanDervort.

Displays of antique bridal gowns, head pieces, bridesmaids and flower girl dresses, flowers, wedding pictures and even an authentic 50-year-old wedding cake were set up by the ladies to show off the beauty of their wedding so many years ago.

Ruth Worthington was married "just after the war" in 1946, and remembers fondly one of the happiest days of her life.

The speaker of the evening, Dawn VanDervort, asked the ladies if they remembered when their husbands proposed, being the frightened bride, seeing the nervous groom, and how the father-of-the-bride felt. "Poor," someone yelled, anticipating the laughs she would receive.

The night was full of music, refreshments, laughter, and best of all, memories; a good time had by all.

Coboconk Marine Unit goes on patrol with Sea-Doo

You never know where you will encounter an OPP officer these days, or on what type of vehicle or vessel.

OPP officers from across District 8 met at Skinner's Marine in Rosedale on June 14 to try out a new piece of equipment.

Bombardier, in co-operation with Skinner's Marine, is providing a Sea-Doo Explorer for the OPP to use for marine patrols.

One of the advantages of the Explorer over conventional boats is its ability to operate in shallow water situations. Since it is a jet drive, the Sea-Doo has nothing protruding below the hull.

The boat features a reinforced fiberglass deep-full V hull with inflatable collar. It has seating for five people and a load limit of 1,045 pounds.

The engine is a Bombardier-Rotax two-stroke twin-cylinder rotary that generates 72 horse-

power. Top speed is about 40 miles per hour.

The propulsion unit is a Bombardier Formula Jet Pump with bronze stator vanes. It features a stainless steel, variable pitch impeller.

The manufacturer claims the unit is unsinkable.

The Explorer will be kept at the Coboconk OPP Detachment but it will be available to other detachments within District 8 on an as needed basis.

Value of the Explorer, including trailer is about \$12,000.

One of the advantages the Explorer offers for the OPP is the fact that it is "unmarked", which will allow officers to get closer to possible offenders without detection.

Following the official presentation of keys, officers had the opportunity to take a spin in the Explorer to get a feel for its capabilities.

"The guys really like it," said Senior Constable Dave

Fletcher of the Coboconk OPP Detachment.

The officers from Campbellford commandeered the unit to use this past weekend.

"We'll be using the unit for various purposes," Fletcher said.

Some of those uses will be speed limit enforcement on the Burnt River and the Trent Canal system between Balsam and Canal Lakes. It will see service as a base boat for police scuba divers to use during underwater recovery operations.

Top: Senior Constable Dave Fletcher takes the new Explorer for a test drive. Above: Mike Reeve from Skinners Marine hands over the keys to Sr. Const. Dave Fletcher while Inspector Keith Buxton looks on.

Coby officer commended for service

While several officers were in Rosedale to learn the basic operation of a new Bombardier Sea-Doo Explorer, Inspector Keith Buxton of District Headquarters in Peterborough took the opportunity to acknowledge some community awards that have been given to three of the officers present.

One officer was from Apsley, one from Cobourg and the other was Senior Constable Dave Fletcher of Coboconk.

Buxton pointed out that the OPP's acknowledgement of these community awards and commendations may not be as timely as they could be but he added that it is important that these people know their outstanding efforts don't go unnoticed.

"What's more important is that they are recognized in front of their peers," Buxton said. "The meeting at Skinner's provided a good opportunity."

Fletcher was commended for three different public citations dating back to August 1992.

The most recent was a Community Award of Merit from the Victoria County Board of Education in May of this year. That award was in recognition of Fletcher's VIP (Values, Influences and Peers) Program. Another was from the Victoria County Training Council for Fletcher's presentations to about 30 high school students regarding a career as a police officer.

The third citation was in regard

Sr. Const. Dave Fletcher accepts citations from Inspector Keith Buxton.

to a boating incident on Birch Bark Lake in August of 1992. Fletcher investigated a complaint from a cottager on the lake that two individuals, one driving a boat and the other behind skiing, had come close to children swimming.

Fletcher was able to track down the culprits and get a conviction. The two were ordered to pay \$100 each to charity.

The complainant, learning of the

outcome of Fletcher's investigation, wrote a letter praising the officer's efforts and stating his approval of the penalties.

"We very often have something nice done for us and we've acknowledged with our verbal thanks," Buxton said. "But when someone sits down and composes a letter and spends the money for a stamp, you really must have done something to move them."

Museum collection grows with donations of artifacts

Minden Deputy Reeve Lewis Stevens, left, was on hand for the presentation of a doll and carriage to the museum. Also in attendance were Wynn Newberry, Barb LeBlanc, Lenore Kennedy, Lee Oster, Doreen Berry, Betty Milford, Dick Kirkwood and John Hulbig. The carriage comes courtesy of Frances Hastings, centre.

by Kelly Pettinger

Last Wednesday the County Town Museum and Pioneer Centre received two more donations to add to its collection of pioneer artifacts.

Frances Hastings, of Toronto, decided to donate her doll and carriage to the museum. She received the doll as a Christmas present "many years ago."

"I used to wheel this around when I was a little girl. The roads on Yonge Street weren't even paved then," said Hastings.

She had the doll and carriage put away in her basement and hadn't looked at it for a few years. "I got it out about 10 years ago, and I thought of what I could

do with it. I didn't come up with anything. I just got it out again and decided it should go here," said Hastings.

She had been coming to vacation with friends in Minden since 1956 and eventually bought property and a cottage on Mountain Lake. She sold the cottage about two years ago, but Minden will always have a place in her heart.

"It was Minden's historic village that interested me the most," she said. "I knew they were collecting things and I got in touch with the people up here."

The museum was pleased to see the condition of the doll and Hastings thought it was a miracle the doll and carriage stayed in such good shape. Deputy-Reeve Lewis

Stevens was present to thank Hastings for the donation.

"I am sure, as years go by, people will admire the doll and carriage. This is not the first donation Mrs. Hastings has given the museum. She has brought us boxes full of wonderful things. We appreciate it very much and thank you," said Stevens.

"There is no place I would rather it be," said Hastings.

Stevens also thanked Dick Kirkwood for his donation of the communion table he made for the church.

"It's just another one of the many things you've done for us. We're very pleased with the work you've done, and we thank you for it," said Stevens.

Lions honour members; new executive elected for 1994-95

A new executive has been elected for the Minden and District Lions Club. The installation of the executive took place at the group's annual meeting held Wednesday at the Minden Community Centre.

On hand to assist with the installation was Lions International director for Canada Bill Moody. He brought greetings from the Lions International President and congratulated the club for its efforts on behalf of the community and Lions projects overseas. In particular, he noted the club's participation in the Sight First program sponsored by Lions International.

Under the program, Lions clubs around the world were challenged to raise \$130 million to eradicate preventable blindness in the world. The goal was met and surpassed with more than \$150 million raised for

(more on page 27)

Certificate from president

Lions International representative Bill Moody presents Minden Lion Club member Tom Gardner with a certificate of appreciation on behalf of the president of Lions International, James T. Coffey. The certificate recognizes Gardner's heroism in assisting in the rescue of two snowmobilers who had fallen through the ice on Boshkung Lake earlier this year.

Lion Club annual meeting

(from page 26)

the campaign, and contributions still coming in.

Moody noted the contribution of the Minden Club, \$6800, exceeded its target, \$5000, and helped to push the fund raiser over the top. "You should all be proud of your commitment to this effort," he told the members.

Prior to the installation of the officers, Moody made a special presentation on behalf of the Lions International President. The certificate of appreciation from the president was presented to Tom Gardner for his participation in the rescue of two snowmobile riders who

had plunged through the ice on Boshkung Lake earlier this year. Tom, along with two other passers-by saw the two men in trouble and managed to help pull both of them to safety.

A number of special and club awards were also presented. Outgoing president Daryl Moore, received a Judge Brian Stevenson fellowship for his service to Lionism. Club bulletin editor Al Stott received a district award for having the best club bulletin in the district. Maurice Boyd was named Lion of the Year for his dedication to the club and for all the many hours he had given in

Lions Club International representative Bill Moody congratulates the incoming president of the Minden Club, Tom Gardner, and presents him with the gavel of office. Other members of the club's executive on hand for the installation include, from the left, Doug King, George Moulton, Ted Preston, Scott Moore, Greg Readman, Daryl Moore, Bob Harrington, Brian Moore and Al Stott.

service to Lions.

The guest speaker for the meeting was Henri O'Dette, director of Camp Kirk. The camp, located near the community of Kirkfield, provides a relaxed environment for children with learning disabilities. The camp is supported by donations from Lions clubs throughout the district. After outlining some of the work taking place at the camp and providing a

profile of the children who benefit from the camp experience, O'Dette thanked the members for the continuing support.

Installed as president for the coming year was

Tom Gardner. He will be assisted by secretary Greg Readman, treasurer Scott Moore, vice presidents Brian Moore (1) and Al Stott, directors Bob Harrington and George

Moulton, tail twister Ted Preston, Lion tamer Nick Boekestyn and past president Daryl Moore. Doug King will serve as membership chairman.

People Who Make a Difference

Bill Stackhouse

*The king of
the sandlot*

by Kelly Pettinger

to learn more about the rules and regulations of the game," said Stackhouse.

As he became more confident in his role behind the plate, Stackhouse was asked to umpire some adult games. Now, in addition to the minor ball, Stackhouse is a regular umpire in the local adult leagues.

Although Stackhouse is happy to volunteer and dedicate most of his time to umpiring, he is modest about his work. "There are two or three of us around who volunteer their time and patience to umpiring the games. I'm not the only guy who does the job.

"It is a lot of fun. If I didn't think it was fun I wouldn't be volunteering my time doing something I didn't like," said Stackhouse.

Stackhouse, who is "around 40", does not see himself taking up umpiring as a full time job. But what about working in the majors? "Maybe if I would have started when I was a lot younger," he said.

Baseball is not the only sport in which Stackhouse is involved. He also is heavily involved with the Minor Hockey Association and this season will be his third year in the association and second year as president. But once again, he accepts little credit for the success of the league or teams.

"It's just a title, that's all it is. There's an executive, myself and eight or nine other people. We try to get teams set up with coaches, work the financial part of it, and look at the OHMA

The kids had me out doing this and that, and I started going to baseball games, and I ended up umpiring a few. This is how Bill Stackhouse explains his indoctrination into umpiring.

(Ontario Minor Hockey Association) rules, and try to get the kids best suited where they are," said Stackhouse.

The association also works hard to keep the registration costs down by raising money through the sale of chocolate-covered almonds, raffle tickets, and holding dances. "The people who help raise the money for the teams are very important to us. We also have sponsors, and we could never live without them," said Stackhouse.

In addition to his affiliation with the sporting community, Stackhouse is a Mason and a former member of the Lions Club.

"I helped initiate the first Santa Claus Parade a couple years back, and I went to meetings and helped out with other things, but it got too hectic with what I was involved in, so I left

the club. It's a great organization, and I will probably go back when I have more time on my hands," he said.

Stackhouse, with his wife Kathy and daughter Morgan, 14, moved to Minden after being transferred from the power station in Kapuskasing, which Stackhouse says is "north... way north from here. This happened to be the business I was in, and it worked out."

Even though his job could eventually result in him relocating to another town, Stackhouse will always have fond memories of Minden.

"It's a small town compared to where I came from, but it's a great place. You can go to Toronto and come back in one day," he said with a laugh.

Although he's too modest to admit it, Stackhouse is a big part of what makes Minden a great place to live.

Infrastructure funding approved for AHM projects

Six projects worth \$946,500, approved under the Canada/Ontario Infrastructure Works program, will create an estimated 12 person-years of employment, Municipal Affairs Minister Ed Philip, Victoria-Haliburton MP John O'Reilly and Reeve Bern Berry announced.

Funding of \$407,040 will be used to construct a 2,800 square-foot addition to the municipal building to improve court services. The building will also undergo an energy retrofit, including heating, ventilation, air conditioning and electrical and plumbing systems, which will create 234 person-weeks of employment. Work can start immediately and should be completed by June 1995.

Approval has also been given to reconstruct the river banks of the Gull River and to upgrade the fencing at Panoramic Park; to repair and replace the fire hydrants and sanitary sewer lines; to replace major culverts on township roads; to reconstruct Bobcaygeon Road from Queen's Line to Highway 118; and to rehabilitate tennis courts in the township. Construction of these five projects, which are expected to create an estimated 252 person-weeks of employment, should be completed by December.

"The jobs created will be a boost to the local economy," said Philip. "I am pleased these projects will provide immediate benefit to the municipality,

contribute to economic renewal and help provide improved services for residents."

"While our governments have put jobs and economic growth at the forefront of their objectives for the Canada/Ontario Infrastructure Works program, modernized community infrastructure will be the ultimate outcome. The projects in Anson, Hindon and Minden are excellent examples of the program in action," said O'Reilly.

"As the Reeve of the Township of Anson, Hindon and Minden, I am pleased to announce our participation in the infrastructure program," said Berry. "Through this program, the municipality will increase employment opportunities significantly which will assist in stimulating our local economy, as well as improving our infrastructure, allowing us to enhance the services we provide."

Canada/Ontario Infrastructure Works is a \$2.1 billion shared-cost program designed to create jobs through local priority which will improve the province's infrastructure and therefore its competitive position. Canada, Ontario and local partners are each contributing one-third of the project funding.

The program, which is expected to create up to 37,000 direct and indirect jobs, is a positive example of the federal, provincial and local levels of government working co-operatively to foster economic development and growth.

Minden Fairgrounds

Co-ordinated by Minden Fire Department

Financial support for this year's fireworks display was provided through donations received at last year's display and the following area businesses:

John E. Francis Fuels, Royal Canadian Legion, Branch 636, Northern Lights Vocational Services, Dollo's IGA, Highlands Plumbing and Heating, Minden IDA Drug Store, Alex Kernohan Septic Service, Minden Animal Clinic, Sputnik's Snack Bar (Carol Miles), Sandy Lane Resort, Vasey Insurance, Hope Satellite, Floyd Hall Ltd., Don Heaven General Contractor, Jerry L. Harrison Trucking, Minden House, Perfect Prints, The Storeroom Natural Foods, Kawartha Dairy, Miscio Construction, Modern Electric, Mountain Lake Property Owners Assoc., Subway Development (Ken & Marg Fielding), Todd Bus Lines, Westside Jug City, Dar-Lee Team at Austin Real Estate, J & L Armstrong (Sears, Minden), Minden Lions Club, Roger Danilko, The Times, Colman Excavating.

Pump it Up!

Fireman Craig Crowe, Councillor Grant Plooard, behind the wheel, Fire Chief Bill Hogg and Fireman Dan McKelvey smile with pride as they show off the fire department's new pumper/tanker truck. The truck has a capacity of 1200 gallons. In addition to providing a ready supply of water at an emergency scene, it can also serve as a pumper, drafting water from nearby sources such as lakes or rivers, while at the same time keeping the hoses charged. The previous tanker did not have built in drafting capability. The new vehicle came into service earlier this month.

Floorcloths on display

Pamela Marsales, a cottager on Hall's Lake since birth (her grandfather, W.C. McLaughlin, was the first cottager on the lake in the early 1920's) will be exhibiting hand painted floorcloths at the Highlands Artisan's Festival on the July 1 weekend at the Community Centre in Minden.

The festival showcases all types of arts and crafts, but this will be the first time floorcloths will be included. Her display also features unique painted canvas tabletops reminiscent of historical oilcloth.

Floorcloths were used by pioneers to seal out draughts in plank floors or to simulate the luxury of linoleum. To make

the floor cloths a farm wife would stretch the canvas on the side of the barn and allow up to one week for each of the many coats of paint to cure.

These days, with water based latex paint and acrylic varnish, floorcloths based on 100 per cent cotton canvas provide a non toxic "green" solution to floorcovering. They are perfect to brighten the room of a child who suffers allergies and cannot have carpets. Requiring only an occasional damp mopping, they are well suited for the casual lifestyle of the cottage.

The festival is open Friday, from 6-9 p.m., Saturday 10-6 p.m., and Sunday 10-3 p.m.

SSFC grant

MPP Chris Hodgson, MP John O'Reilly and Sir Sanford Fleming College Principal Tim Easley recently announced an expansion and renovation grant for the college in Lindsay.

The total allotment of funds under the program is \$1,203,150. The cost is shared equally between the federal and provincial governments as well as the college.

"This project is a significant step towards ensuring that Sir Sanford Fleming remains a centre of excellence in the fields of Natural Resources," said Hodgson. "Investing today in the expansion of post-secondary educational services will pay huge dividends in the future."

MPP continues tax rebate fight

Chris Hodgson has again called on the Minister of Natural Resources to reinstate the managed forest tax rebate program.

Victoria-Haliburton's MPP stood in the legislature on June 13 to criticize the government's decision to abandon this program.

Hodgson, PC, is the Natural Resources critic. He took the opportunity to speak out on recent comments made by Howard Hampton, Minister of Natural Resources.

Hampton and the Premier "are eager to boast to all our global trading partners that Ontario forest products all come from sustainable forests," he said. "The Premier is even going to Germany in two weeks to sell this message. The message, however, is wrong and it covers up

an underlying truth about our forestry industry in Ontario."

Twenty per cent of the province's timber production comes from privately owned forests, which have been jeopardized by the cancellation of the tax rebate, he said.

"The private woodlot owners depended on the relief offered by the rebate program to justify maintaining their forests instead of clearing their land for other uses. Now the incentive is gone and so are thousands of trees. Sustainability is being sacrificed out of necessity just to keep up with an outdated property tax system that assesses forests as residential property."

The fight to restore the rebate is led by private forest owners in

Haliburton County. Here, they are threatening to restrict access to their properties unless something is soon done to remedy the situation. At stake are the trails that provide recreational opportunities a boost the area's tourism potential.

"Ontario's private forests are home to recreational trail systems that stretch for thousands of kilometers, bringing much-needed wealth and prosperity to hundreds of communities," said Hodgson. "Private forests are essential to the long-term viability of forestry and tourism in Ontario."

Failing to deal with the taxation issue will bring hardship to the forestry industry and the communities that depend on tourism, said Hodgson.

Thank You

for my surprise 30th birthday party
What a setup - I didn't suspect a thing!

Thank you to everyone for making my 30th an event to remember. It was a wonderful party; it's both flattering and comforting to realize one has so many friends.

Thank you for the thoughtful gifts, especially the prune juice, hair dye and denture adhesive; I'll put them away for Tony.

The food was wonderful, thanks to Rudy & Margaret Smit of Rudy's.

Big thanks to Uncle Clare & Aunt Lil and to Gary & Jodi, and especially to my oldest friend Sandee for coming up from Toronto - even though Colin hadn't seen the kids in a week..

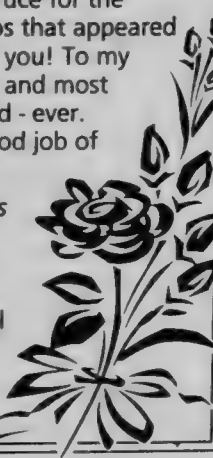

Thanks for the planning Dar - it all falls into place now...

Few people experience the love and laughter of a family like mine. Special thanks to my Mum, Betty, who planted the party seed and planned deviously with my "other better half" Dar Johnson; to my big brother Bruce for the extremely flattering photo display and slide show - the photos that appeared in the paper pale in comparison to these beauties, let me tell you! To my sister-in-law Sandra who's always been the sister I never had; and most importantly to my Dad, "Barney" simply for being the best Dad - ever. And thanks, of course, to my sweet pea, for doing such a good job of stringing me along.

*"Now may the warming love of friends
Surround you as you go
Down the path of light and laughter
Where the happy memories go."*
- Helen Lowrie Marshall

Alaska beckons, my friends. See you soon.

Love and friendship,
Carol

TEA FOR TED: Minden Councillor Jean Anthon was joined by other members of municipal council, as they served refreshments to those in attendance at the Seniors Tea, sponsored by the municipality June 13. About 50 people attended this annual function, including Jean's husband, Ted, who took advantage of the occasion to enjoy the hospitality.

Highland Crest Ladies Auxiliary

Yard sale collection growing

by Mary Guillemain

Since last month there has been a lot of activity at Hyland Crest. So much to plan for all the exciting events which will take place in June and July.

First I must make this comment: My faith has been restored in humanity.

From a small group of Auxiliary ladies, we have taken on the task of having a yard sale. Asking for useful articles for this sale has not had much of an impact on our community, but I was very fortunate to meet a very fine couple who were having their own yard sale, with everything very clean and the price was right. After chatting with them (and I do love to chat and promote Hyland Crest), they told me they were moving to Kingston and promised to donate their leftovers for our sale in July. I can only say a big thank you to Al and Donna. It was nice to meet you and I do wish you every happiness in your new surroundings.

Another very generous lady in Fenelon Falls gave her goodies to us as well. She is Mrs. B. Thank you so much.

At our last meeting, it was agreed that a few members should attend a seminar in Toronto in regards to obtaining very important information for the purpose of assisting seniors in nursing homes and institutions. Our Director of Nursing, plus two members of the auxiliary attended this seminar and received information on a variety of topics, including Consent to Treatment, the Substitute Decisions Act and Advocacy Act,

which will be proclaimed as a package early next year. Further informative news will soon be published in our local newspaper. Please keep this in mind as developments will occur to the benefit of our seniors.

At our last meeting we had 24 members in attendance. The topics of the meeting were: catering of an afternoon tea; and arrangements for our strawberry tea. Don't forget we will also have a bake table, plus a very unique gourmet basket filled with extra fine tastes. Tickets are available during the month of June plus on the day of the tea (June 30 from 2 p.m. to 4 p.m.).

During the past month the sewing circle girls had a quilting bee. The fingers were flying and the chatting was exciting and it was an all-day venture. We had Audrey Vick, Dorothy McElwaine, Irene Fuhr, Helen Donaldson, Esther Graham, Carrie Drysdale, Darce McAllister and Mary Guillemain in the morning and our regular quilters came in the afternoon. We are hoping to have three very nice quilts completed for our arts and craft auction on July 9 at 7 p.m.

The last item on the agenda was the Hyland Crest summer bazaar. There will be numerous well-made articles that will be suitable for gifts. Please come out and support this worthy cause for the benefit of senior citizens of Haliburton County. A sincere thank you to all the volunteers who are helping us in this important endeavor. See you at the Strawberry Tea from 2 to 4 p.m. on June 30.

"Your Key To The Highlands"

Welcome!

Dale Austin Realty Inc. would like to welcome Mark Kahkonen to our sales team.

Mark brings with him 14 years of sales experience. He has been a seasonal resident for the past 16 years and now enjoys the Haliburton area as a permanent resident. Mark is a creative, enthusiastic individual. He looks forward to the opportunity to provide knowledgeable and personalized Real Estate service to you.

The Minden TIMBERSPORT FESTIVAL Committee

would like to thank the following for their generous donations, sponsorship and support:

MAJOR SPONSORS:

Municipality of Anson, Hindon and Minden - Council, Public Works Department and Staff, Minden Business Improvement Area, Minden Rotary Club, Stihl Canada, Northshore Lawn and Garden, Pole Position Kartways, Easton's Valu-Mart, Kawartha Dairy, Red Umbrella Inn, Village Donuts and Family Restaurant, and Canadian Handcrafted Homebuilders' Supply

EVENT SPONSORS:

Minden Rent All, Minden Home Hardware, and Sid Stamp Fuels Ltd.

DISPLAYS AND PROMOTIONS:

The Times and Jack Brezina, Gary Thurston for the use of the Village Green, McMahon Feeds, Cowan Lumber, Rick Danilko Logging & Northern Timberhouse, Highlands Jewellery and China Shoppe, Cowboys That Care, Tent: Tony Aymong, Music: Grandfathers Four Plus One, John and Allin Cooper, Dick Kirkwood, and Special Effects

There are countless volunteers and supporters that should be included in this appreciation: to all of you - we couldn't have done it without your assistance, and the entire community benefited from your commitment. You've helped make the Minden TIMBERSPORT FESTIVAL one of the current major timbersport competitions in the Province of Ontario and plans are already underway to make next year's event the greatest yet to increase tourism and economic benefit to Haliburton County.

Citizens be aware: anyone seen wearing a yellow Timbersport T-shirt should be applauded for their efforts in making Minden's Timbersport Festival a complete success.

*With deepest gratitude to all, on behalf of the community; your
TIMBERSPORT COMMITTEE:
Pat Murphy, Rick Tustin, Bob Patton, Jeanne Anthon, Lisa Connelly, Gary Bloor, Dan & Marilyn Mills, France Rochat, Dale Merrill, Donna Cowal*

Seniors enjoy break from teen-age American programs

by Susan Wilson

In the last two columns, we've looked at why getting access to the TVOntario signal is critical to those of us in the job market (distance education, which offers academic upgrading, retraining, professional accreditation, and so on) and to our children (education, both at home and at school, and entertainment with substance). In this column, we'll explore why it's important to the seniors in our community.

Seniors form the second-largest segment of TVOntario's audience (after children). And they form a significant portion of Haliburton County's population. Did you know that we have the highest proportion of seniors in the country? One in five, or 20 per cent of the population.

(I saw a W5 program on CTV a few months ago with Eric Mallory in which he stated that in a decade or two, that statistic (20 per cent of the population over 65) will apply to the whole country. Think what Haliburton's population will look like then!)

There's a good reason TVOntario's audience includes so many seniors: it offers them relief from the onslaught of commercial (i.e., American) programming, so much of it designed for people in their teens and twenties. If those of us in the 50-year-old range already find the programming on commercial networks generally pitched at a substantially younger audience, what must it be like for people 20 and 30 years older!

Most seniors have limited means; they may not be able to afford cable or satellite. The Angus Reid survey done for the cable structural hearings in the

TVOntario

spring of 1993 reported that the main reason people don't subscribe to cable is cost. And only those living in the villages of Minden and Haliburton have access to cable anyway.

As more and more seniors are able to maintain their independence and stay in their homes to a greater and greater age, there are more of them living alone. Let's admit it: television provides us all with a degree of companionship from time to time. How much more important intelligent companionship from the tube must be to people who may not be able to get out too often. That's just one of many reasons why TVOntario prides itself on being "television that matters," as its slogan says.

And seniors are just one of the many groups in our community who make having access to the TVOntario signal important to Haliburton County.

Would you write a letter?

As our drive continues to get Queen's Park to provide the funding for off-air access to the TVOntario signal, we have started a letter-writing campaign. After all, when it comes time for Anne Swarbrick, Minister of Culture, Tourism, and Recreation to make the decision, the number of letters in the file is one of the factors she is going to have to consider.

If you would be willing to write her a letter expressing why you feel we should join the 97 per cent of the province's population that already have access to the signal, please call Margery Cartwright at 457-9660. Marge will send you some information to help you get a handle on the issues and tell you where the letter should go.

Program Highlights:

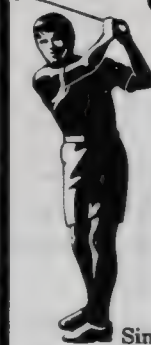

Mastermind is a quiz show with a difference. Having proclaimed their knowledgeability on a particular topic to be extraordinary, contestants on this British show are grilled by a host who shows no mercy to those who can't deliver the goods. From those who can, of course, one can learn a great deal about a great number of topics. **Mastermind** airs at 9:00 p.m. on Tuesdays. The contestants on tomorrow's show will be trying to display their mastery on the topics of King Charles II (who ruled Britain and its empire from 1660 to 1685), Gerard Manley Hopkins (a 19th-century English poet and Jesuit priest), and 20th-century German theologian Dietrich Bonhoeffer.

Legacy is a series of six hour-long programs that explore the origins of civilisation. Host Michael Wood departs from the traditional Western view to look at the rise of Asian and Western civilisations from a global perspective. The first show, at 8:00 p.m. Wednesday, June 29, focuses on the land that lies between the Tigris and Euphrates rivers in modern-day Iraq. Here were found the first writing, the first law, the first science — the beginning of civilisation as we know it.

*Susan Wilson represents Haliburton County on TVOntario's Southcentral Regional Council. If you would like to help get access to the TVO signal or have any other comments, call her at 286-6009. This column appears every four weeks. It reports on the progress of the TVO Action Team and highlights upcoming TVO programs.

READY, SET, PULL! A small, but enthusiastic crowd was on hand at the Minden Fairgrounds to watch the seventh annual Truck Pull & Show and Shine Saturday, June 18. Even though the weather was hot, and the audience was restless, the shouts were loud as people cheered on their favourites. Between the heats the onlookers were entertained with music and refreshments. The day ended with a country and western dance at the arena. Both events were sponsored by the Kinsmen Club and Kinettes of Minden.

FAMILIAR FACES: The grand opening of the Minden House Bed and Breakfast was a celebration of sorts for the former owners Laura and Dick Kirkwood. The Kirkwoods gladly agreed to Nora Snyder's request to be a part of the ceremonies.

Owner recaptures charm of Minden House

"It takes a heap of living to make a house a home," Laura Kirkwood said recently at the official re-opening of The Minden House.

Although they sold the property several years back, Laura and her husband, Richard, have always felt a kinship with the house they called home for about 45 years.

Considering all the work the present owner, Nora Snyder, has commissioned since purchasing the property in the spring, the Kirkwoods have to be delighted.

In recent years, the property on South Water Street was ill maintained, much to the Kirkwoods' dismay. The recent open house, on the

other hand, was a joyous occasion for the couple.

Snyder bought Minden House in the spring with plans to restore and refurbish the house and cabins to be used as a bed and breakfast operation. With tremendous help, imagination and inspiration from Mike Hughes, the Minden House is now as warm and inviting as its setting on the winding Gull River.

Dick Kirkwood bought the property in 1934 when he was engaged to Laura. She was shocked by the purchase of such a large house. Her response at the time was, "What on earth are you going to put in the house besides me?"

Now, a full 60 years later, the

Kirkwoods can look back with pride at their old home with the satisfaction that comes from "a heap of living."

Learning about nature in Tokyo's concrete jungle

Tokyo — This city is a nightmare — concrete buildings and roads crammed with people and motor vehicles. The air is visible and catches the throat. Rivers are sludge tamed with concrete canyons beside the roads. This is human habitat, hostile territory for other species. Urban dwellers here are cut off from the kind of nature and wilderness most Canadians take for granted. But without intimacy with nature, we can confuse crimes against the earth with economic and technological progress.

Eight years ago I met a remarkable grade 3 teacher in Tokyo. Toshiko Toriyama told me that most of her pupils are so disconnected from nature they think that fish live their entire lives in Styrofoam and plastic wrap. Sadly I have met Canadian children who are unaware that hamburger meat or wieners are the muscles of an animal or that the constituents of potato chips and bread once grew in the ground.

I met Toriyama here again. After teaching for 30 years she has quit in order to create a new kind of school based on the writings of Kenji Miyazawa, one of Japan's most famous poets early in this century. He left a legacy of wonder at they mysteries of nature. In Miyazawa's Buddhist universe, everything from each grain of sand to every raindrop, insect and plant, is interconnected by fine threads. The destruction of any part of the elaborate web tears holes in its integrity. This image is the basis of Toriyama's lessons.

Her most useful teaching tool is each child's imagination invoked in an "Imagination Class." Closing their eyes, the children are stimulated by Toriyama's voice, music, noises or silence. She lets them imagine they are eggs in a preying mantis cluster. They struggle out of

Most students are so disconnected from nature they think fish live their entire lives in Styrofoam and plastic wrap.

Reflections

by David Suzuki

the egg case, look out at a new world and then discover the hazards of predators, the need for food, the search for a mate and finally, death. Through the life cycle of the insect, children come to experience challenges that are common to all living things. When the exercise is completed, Toriyama told me, the children become very energetic and read and write.

"Children take things for granted and don't think about them enough," she said. "For example, they often lose their pencils. So I get them to imagine being a pencil." She takes each component of the pencil — wood, rubber, paint, metal, lead — and gets the children to go back to their origins. With wood, for example, they imagine the forest where trees grow, vicariously live as a tree and then think how they are logged, transported and processed.

The children study history through the man who first brought pencils to Japan from Paris a hundred years ago. Eventually, the lessons are reinforced by a visit to a pencil factory. Once they are aware of the true value of their pencils, the youngsters appreciate and take better care of them.

Toriyama teaches about the ecology of water by getting the children to be water of the oceans, evaporate into the sky, rain into rivers and lakes and become part of

their own body. One of the most dramatic lessons is about food. She brings a live chicken to class and then kills it, often to the consternation of many children. It is then plucked, cleaned and cut up, cooked and eaten. The children also imagine being pigs, starting as embryos in a womb, then being born, growing and dying. They go to a farm to see how pigs are raised for mass markets and finally visit a slaughter house to witness the pigs being killed and butchered.

It is a powerful experience that reveals our nutritional dependence on other living organisms.

Toriyama is 52 and feels desperate about the dire state of the earth. "At my farewell class, I asked the children how many of them thought the air would be cleaner eight years from now. No one raised their hand. Then I asked will it be dirtier and they all raised their hands. It was the same when I asked about forests, oceans and rivers. The children expressed a deep sense of despair."

Referring to environmental degradation, Toriyama said: "We human beings have never gone through this so our children are having to go through this without being taught what to do. How painful it is. I want to tell adults to wake up. I want to tell children don't give up. We have to work together. Adults work hard to send children to good schools but what are they struggling for? Is there anything more important than working for the health of the Earth?" Education to prepare students for a high-tech future and competition in a global economy, misses the fact that we are completely dependent for survival and the quality of our lives on the integrity of the planetary biosphere that we seem intent on destroying. Toriyama's students know what really counts.

Monmouth ready to roll with infrastructure projects

Three projects in Monmouth Township worth \$201,726 have been approved under the Canada/Ontario Infrastructure Works program.

Funding will be used to improve Clement Lake Road, including graveling, ditching, culvert work and surface treatment. Improvements at the Monmouth Arena will include installation of a new compressor. Approval has also been given to replace old lighting fixtures at the arena with more energy-efficient models.

The projects will create an estimated 90 person-weeks of employment and work is scheduled to start immediately.

"These projects will be a boost to the local economy," said Municipal Affairs Minister Ed Philip. "I am pleased they

will provide immediate benefit to the municipality and contribute to economic renewal, while improving community infrastructure."

Job creation is the cornerstone of the infrastructure program, but improvements to a community's recreational infrastructure is also essential, said Victoria-Haliburton MP John O'Reilly. "The Monmouth arena will be enjoyed for decades to come and will contribute to the health, fitness and quality of life of our residents."

Monmouth Reeve Keith Tallman said these projects will create numerous jobs in the community while enhancing the road system and recreational facility. "Without this funding, these projects would be shelved indefinitely," he said.

The infrastructure program is a \$2.1 billion shared-cost program designed to create jobs through local priority projects which will improve the prov-

ince's infrastructure and its competitive position. The cost of approved projects is shared equally by the federal, provincial and municipal governments.

Hodgson presses for CAS review

Chris Hodgson is urging the Ministry of Community and Social Services to conduct an operational review of the Kawartha-Haliburton Children's Aid Society.

The Victoria-Haliburton MPP says the CAS is in "a state of crisis."

The safety of the region's "most vulnerable citizens" is at stake, Hodgson told Legislature. "Because of recent cut-backs, the equivalent of 16 front-line positions have been lost. The most alarming of these losses was the total elimination of the sexual abuse treat-

ment worker, but we have also lost social workers, foster care workers, shift leaders and youth workers.

"As a result there will be no direct service for victims of child sexual abuse, no parent aid in Victoria and Haliburton counties and reduced support in Peterborough county, no treatment or group home services for adolescents, no prevention counselling services.

Hodgson said the minister had promised an operational review but has failed to follow through.

Norland poet Washington bound

Nancy Lee will soon be off to Washington to participate in a poetry conference put on by the International Society of Poets.

Lee, who has been writing poetry for 11 years, has been named a semi-finalist in a contest run by the National Library of Poetry. All semi-finalists have been invited to participate in the July conference. In addition, her poem, entitled Now, will be published in a book called The Space Between.

While at the Washington Conference, Lee will be called on to write a verse, which will become a part of the world's longest poem for peace. She will also have the opportunity to meet U.S. Senator Eugene McCarthy and to rub elbows with poets from across North America.

This is the first time the Norland area resident has entered a poetry contest and she says she is very pleased that her work has made it to the final round of judging. The top prize is \$5,000.

Residents wish many happy returns to Lola Prentice

Saturday we started a new week with a birthday party for Lola Prentice. It was arranged by her family and catered by the Ladies Auxiliary of Hyland Crest. It was her 90th birthday on June 11. The auditorium was tastefully decorated and about 250 friends and relatives came to offer their best wishes.

Lola was born June 11, 1904, and came to Minden in 1922. She taught school at Eagle Lake and on Highway 121 near Kinmount at another school. She married Morgan Prentice in 1927. They had

two sons, one killed in 1959 at the age of 20. Lola worked as a switchboard operator in the 1930s. They moved to Prentuskoka in 1936 and started a trucking business. Lola ran a camp, store, post office and gas station.

They came back to Minden in 1946 and established a road excavation business. She was a long-time member of Eastern Star and the United Church. She has been a resident of Hyland Crest since January 1980.

In the late afternoon Lola's family took her to the Legion where they had a sit-down dinner for 45 family members and guests. It was a long day for Lola but a joyful one.

We all wish her many happy returns.

Rev John Burgess took Sunday night chapel service and Mary Fisher played the organ. Thank you John and Mary.

Monday the folks of Hyland Crest were invited to the arena for a tea with the council members. Each year the council of Minden and residents enjoy a tea in which the council serves the residents. It is an opportunity for us to meet our council members. Thank you to everyone for an enjoyable afternoon. I was unable to attend as I had an appointment with the CNIB in Haliburton to teach me how to cope with my failing eye sight.

In the evening the Salvation Army from Fenelon Falls came to

sing and speak to us. They had an enjoyable meeting but I missed it as I was with Terry and family.

Tuesday morning was chapel service with Pastor Fast. There was good attendance and everyone enjoyed the service. In the afternoon we had crafts and in the evening Pearl Cowan and Corinne Arseneault came to help with euchre. Thanks girls.

Wednesday we went on the bus to the Highlander

Friends gather for 90th birthday celebration

Senior League

by Winnifred Barnum

Motel. Dale English and his wife Leslie run a snack bar there. We sat under umbrellas and enjoyed our lunch from the snack bar. We thank Dianne the motel proprietor

for her thoughtfulness and help with little things.

Wednesday evening Everett Fairrey came and sang and played the guitar. Thanks Everett.

Thursday afternoon the Hyland Crest Ladies Auxiliary had a tea party. We had ice cream and squares. It was a lovely tea and when we finished Linda led us in a sing song of oldies that we could remember. Thanks to the auxiliary. In the evening Lilian Harrison

called numbers for bingo as our regulars didn't come in. It was a very hot evening.

Friday morning Diana Williams came and played the piano for the residents. Thank you Diana. Happy hour was as usual a success. The Cooper boys entertained us with songs accompanied with their instruments. It was a big hit with the residents. Thanks fellows.

Once again, don't forget the strawberry tea and bazaar on June 30 at 2 p.m. See you there.

Enjoy an exhilarating drive in the country.

The Metropolitan Chestnut Park Hotel offers guests of the hotel a Special Golf Package at the famous Glen Abbey Golf Club.

Enjoy a unique opportunity to play on a PGA Tour golf course, designed by Jack Nicklaus and played on by some of the great champions of golf - Greg Norman, Nick Price, Curtis Strange, David Frost and Lee Trevino.

As a guest of the Metropolitan Chestnut Park Hotel you will not only enjoy staying at a newly renovated, downtown hotel, you will be shuttled to an exceptional golf experience just west of Toronto - for an exceptional package price of \$220 CDN*, plus taxes. Price is for single occupancy per night. Extra golfer shares same room for \$95.00. Non-refundable.

*This price includes golf fee (single round of golf with cart), round trip shuttle service at the hotel, first class overnight accommodations, full recreation facilities including pool, sauna and whirlpool. Children 16 and under stay free and children 5 and under eat free. Triple and quad rates are available.

We Want Your Input

Proposal to Provide Greater Protection to Natural Trout Populations

The Ministry of Natural Resources' Bancroft, Pembroke and Parry Sound district offices are conducting a series of public information centres to explain its proposal to change the way naturally reproducing lake trout and brook trout are managed in south central Ontario.

This is your opportunity to discuss the proposal with Ministry staff and to provide input.

Information centres will be held at the following locations (date and time specified).

Date/Time	Location
Wednesday, July 6, 1994 2:00 p.m. to 8:00 p.m.	Trent University Otonabee College Cafeteria Peterborough, Ontario
Friday, July 8, 1994 2:00 p.m. to 8:00 p.m.	Northbrook Lions Hall Northbrook, Ontario
Saturday, July 9, 1994 2:00 p.m. to 8:00 p.m.	Bancroft Community Centre Bancroft, Ontario
Monday, July 11, 1994 2:00 p.m. to 8:00 p.m.	MNR District Office Riverside Drive Pembroke, Ontario
Wednesday, July 13, 1994 2:00 p.m. to 8:00 p.m.	Minden Community Centre Minden, Ontario
Saturday, July 16, 1994 2:00 p.m. to 8:00 p.m.	Leslie M. Frost Centre Hwy. 35, south of Dorset Dorset, Ontario
Sunday, July 17, 1994 2:00 p.m. to 8:00 p.m.	Rosseau Community Centre Rosseau, Ontario

If you would like to receive an information package about the proposal, please contact one of the following MNR offices:

Rick Calhoun or Kathy Irwin	Bancroft District Office Tel.: (613) 332-3940
Tim Haxton or Dana Kinsman	Minden Area Office Tel.: (705) 286-1521
Vince Ewing	Mazinaw Area Office (Tweed) Tel.: (613) 478-2330
Mark Stabb or Bruce Hood	Pembroke District Office Tel.: (613) 732-3661
Greg Deyne or Sandra Dosser	Bracebridge Area Office Tel.: (705) 645-8747

If you cannot attend one of the public information centres but would still like to provide input, please contact one of the above offices by Friday, July 22, 1994.

Canada Day in the Highlands

Don't miss the flurry of activity throughout the region

New executive takes office

by Cub Coneybeare

Service Clubs

This is my first attempt at writing this Legion column. Therefore, it will be brief for this month.

I would like to congratulate Comrade Bill Blyth on becoming the fifth president to Branch 636.

Your 1994-1995 Officers and Executive Committee are: President, Bill Blyth; 1st vice president, Lloyd Johnson; 2nd vice president, Don Holden; Treasurer, Cliff Green; Secretary, Nancy Adamson; Membership, Maurice Winterflood and Francine Newton; Poppy fund, Lois and Syd Adamson; Ways and Means, Charlie MacDonald; Property, Don Holden; Finance, Syd Adamson; Veteran Services, Sick and Visiting, Bud Murray; Leadership and Planning, Ken Walsh; Honours and Awards, Lloyd

Johnson; Branch 636 Seniors, Ruth Rice; Youth Education, Ruth and Alan Rice; Public Relations, Alan Coneybeare; Stewards, Anne McCreight and Bill Bonner.

Thank you to last year's Executive and volunteers for a job well done. A special thank you to our immediate Past President, comrade Lois Adamson, for the leadership she has shown us.

Our new Trivia Night host is comrade Keith Welborn. Come out and meet comrade Keith and support your Legion.

It is only fitting to thank our Ladies Auxiliary for the wonderful work they have done over the past five years and their many contributions to the Branch. We couldn't do without their bright and smiling faces every day while cooking and serving lunch and for

all of their other wonderful work.

Many thanks for past services to comrades Tony Samarillo, Sally Bonner, Dave McAdam, Shirley Kirk, Laurey - Anne Roodenburg, Sheila Burke and many others whom I have missed.

Short Course in Human Relations:

The six most important words: "I admit that I was wrong."

The five most important words: "You did a great job."

The four most important words: "What do you think?"

The three most important words: "Could you please..."

The two most important words: "Thank you."

The least important word: "I."

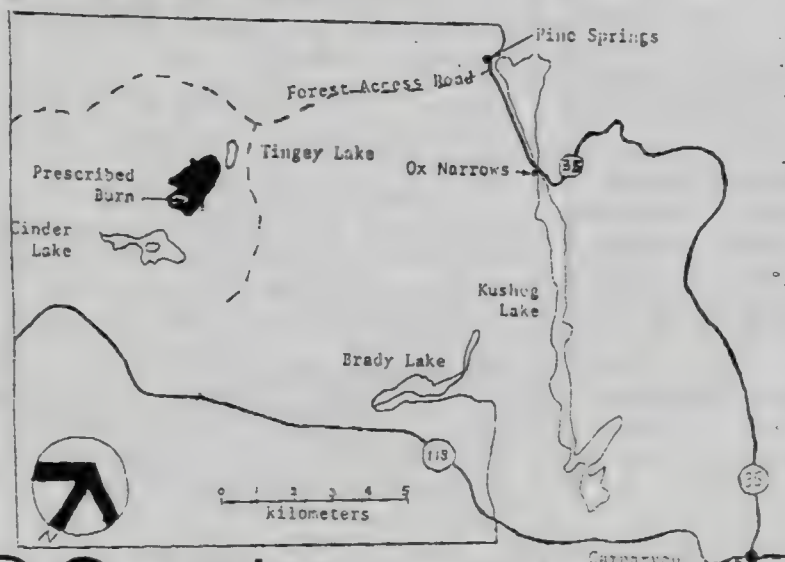

MINISTRY OF NATURAL RESOURCES

Public Notice of a Prescribed Burn

Between late June and mid-August, the Ministry of Natural Resources will be conducting a prescribed burn for reforestation purposes on a 96 ha. (237 acre) parcel of Crown land in Hindon Township. The location of the burn will be between Cinder Lake and Tingey Lake - approximately 8 km southwest of Pine Springs. The exact date of the burn will depend on suitable weather conditions and any northern fire fighting assignments for the Haliburton Fire Centre's crews. The most probable date for the burning will be during the last two weeks of July.

If you observe smoke or helicopter activity in the area of the prescribed burn during this period, please do not drive to the area for a closer look. Access to the burn site will be closed, and curious on-lookers will only block traffic on the access road and impede the movements of the M.N.R. fire crew. You will be welcome to view the site after the fire has been extinguished.

The purpose of this prescribed burn is to prepare a recently logged area for the planting of 200,000 pine and spruce trees in the spring of 1995. For more information on this prescribed burn or on other forestry activities in this area, please contact Peter Hynard of the M.N.R. Minden office at (705) 286-1521. For information on the day of the burn, call the Haliburton Fire Centre at (705) 457-2107.

**CORPORATION OF THE
TOWNSHIP OF STANHOPE**
PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope, proposes to enact a by-law to stop-up, close and convey to the abutting property owners, subject to the granting of a right-of-way those parts of the original shore road allowance (s) set out and described as follows:

FIRSTLY: ALL and SINGULAR that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of Broken Lot 24 Concession XIII designated as shore road allowance by summer resort location survey attached to Letters Patent 17335, along the shore of Big Hawk Lake lying in front of Broken Lot 24, Concession XIII being more particularly described as Part 1 on Plan 19R 5877 deposited in the Registry Division of the County of Haliburton.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting of council at the Municipal Office in the Township of Stanhope on the 13th day of July, 1994 at the hour of 11 a.m., and at that time, the council will hear in person or by his/her counsel, solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: June 3, 1994

Gerald C. Bain, A.M.C.T.
Clerk-Administrator
R.R. #2, Minden, Ontario
K0M 2K0

NOTICES

Only those candidates selected for an interview will be contacted.

**THE CORPORATION OF THE
TOWNSHIP OF
LUTTERWORTH**
PUBLIC NOTICE

File # SR-10/93 & RD-1/94

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Lutterworth, proposes to enact a by-law to stop up, close and convey to the abutting property owners a portion of the original allowance for road set out and described as follows:

FIRSTLY: ALL that part of the original shore road allowance along the shore of Black Lake in front of Lot 27, Concession 9, in the Township of Lutterworth, designated as Part 1 on Plan 19R-5890.

SECONDLY: ALL that part of the original shore road allowance along the shore of Black Lake in front of part of the original allowance for road between Concessions 8 & 9 in Lot 27, in the Township of Lutterworth, designated as Part 2 on Plan 19R-5890.

THIRDLY: ALL that part of the original allowance for road between Concessions 8 & 9 in Lot 27, in the Township of Lutterworth, designated as Part 3 on Plan 19R-5890.

THE PROPOSED BY-LAW will come before the said Council for consideration at its Regular Meeting to be held at the Municipal Office, located three miles south of Minden on Highway #35 on the 14th day of July, 1994, at the hour of 4:00 p.m. and at that time, the Council will hear in person or by his or her counsel, solicitor or agent any person who claims that his or her land will be prejudicially affected and who applies to be heard.

DATED at the Township of Lutterworth this 7th day of June, 1994.

Mary Jane Irwin, A.M.C.T. (A),
Clerk-Treasurer,
Township of Lutterworth,

NOTICE

(File No. SRA-94-01)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed by-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner portions of the original allowance for road along the shore of Mountain Lake, lying in front of Part of Lot 9, Concession 7, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 300 (1) (a) of the Municipal Act, R.S.O. 1990, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider and, if deemed advisable, to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on July 14, 1994 at the hour of 7:30 p.m., a by-law to stop up, close and convey those parcels of land more particularly described as follows:-

Parts of the original allowance for road along the shore of Mountain Lake, lying in front of Part of Lot 9, Concession 7, designated as Parts 12, 13 and 14 on Plan No. 19R-3985.

The plan of survey is available for inspection in the Municipal Office, at Minden, Ontario during regular office hours.

AND FURTHER TAKE NOTICE that before passing the said by-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there hear in person or by his or her counsel, solicitor, or agent, any person who claims that his or her land will be prejudicially affected by the said by-law and who applies to be heard.

DATED AT THE Township of Minden this 27th day of May, 1994.

Around the County Town

by Jeanne Sears (call 286-1538)

The 1994 Haliburton County Fair books are now available. They can be picked up in Haliburton at the Tourist Information booth, Country Magic, Home Hardware and the Guild of Fine Arts and in Minden at the Chamber of Commerce, Country Magic, MacMahon Feed 'n' Harness and Henderson Insurance.

Club 35 euchre winners for June 20 included Pat Scadden with most lone hands, Margaret Fletcher and Milton Fletcher with the highs, Peter Farr, June Branning and Mary Pearson who also won the 50-50 draw. The next Wheels to Meals dinner is July 5 at 12 noon.

Heard from Pat Graham in Parksville, B.C. and she was telling us her son Kieran who attended HHSS, is presently serving in Croatia with the First Battalion of Princess Patricia's Canadian Light Infantry completing their peacekeeping duties. Pat says hello to all her old Minden friends.

Visitors with Cec and Dorothy Rowe of Grey Manor last Tuesday evening were Carolyn Koval Davis and her husband Matt from Texas. Carolyn is the daughter of Dr. and Mrs. Koval and was in Minden for a nostalgic visit to the village and house of her childhood.

Audrey Northey recently attended her nursing class reunion in Collingwood.

Mr and Mrs Marc Dazy and family from Burgundy, France are arriving soon to spend the month of July at the cottage of Nancy McKenna at Bob Lake. Nancy will be spending the same time at the Dazy home in France. Welcome the Dazy family and make them feel welcome as they have very little English.

Helen Skelding of The Terrace had her sister, Grace Renouf from Parklane Apartments in Haliburton visiting last weekend. They attended the wedding of Helen's daughter Janice to Neil Simpson last Saturday. Congratulations to the happy couple.

Lyle and Linda McKnight welcomed their new grand-

daughter Laurene daughter of Laurie and Brent Devolin of Haliburton.

Winners at St. Paul's weekly euchre games for June 20 were Joan Mackenzie with most lone hands, Nancy, Jay and Marie Dennie with the draw going to Irene Fuhr. There will be no games July 4 but the games will continue weekly again on July 11 at 1:30 p.m.

Recent visitors with Audrey Northey were her father, Melville Snell and his wife Audrey from Fernie, B.C.

Held a dinner for my family on Sunday, July 19 in our Common Room using up the turkey won at bingo last winter. It was a joint effort as everyone brought food. When the meal was over, we all sat out under the pines eating watermelon and enjoying a "do you remember" time. Family came from Toronto and Newmarket and we all enjoyed a pleasant afternoon.

The descendants of Clarissa and Edward Meecham who arrived at the turn of the century, held a reunion with the families at the Pink and Powell cottages on Little Horseshoe Lake on June 18. Members of the family arrived from Detroit, Michigan, Kitchener, Vineland, Utica N.Y., Port Perry, Pickering, Toronto and Scarborough. A great day was enjoyed by everyone.

Betty and Gerald Hicks spent Father's Day visiting family and friends in Oshawa.

An enjoyable weekend was spent at The Times office when "Lollipop" the Kindergarten class rabbit, took advantage of the air conditioning. She was a most exemplary guest and we were happy to provide her with an even more comfortable home for the hot weekend.

The Martha Group of United Church Women of Minden enjoyed their annual dinner party at Village Donuts & Family Restaurant on June 22 and a great time was had by all.

Blanche Miller of Perkinsfield and Bill, Julie and Meighan Woolfrey of

Bridgenorth visited with Bob and Audrey Vick last weekend.

Alec and Rosalie McLeod of Brooklin enjoyed their weekend at their summer home.

Sincere sympathy goes to the family and friends of the late Ethel Gainforth, J.R. Davies, Ken Pritchard, Myrtle Greer and Ray Cook whose funerals were last week.

Construction will be starting very soon on senior housing at Wilberforce, Kinmount and, hopefully, Minden. These units are certainly needed and residents have only good words to say about the units.

A group of people from St. Paul's, Kinmount, travelled to Toronto to see and hear the Most Reverend George Carey, the Archbishop of Canterbury at St. Paul's Bloor Street.

Chic and Marian Minaker were away visiting family in Stouffville and Port Perry.

A book exchange was held at Minden Library with a variety of books arriving. There will no summer programmes again this summer due to cut-backs.

Euchre game winners at Minden Legion Branch 636 Seniors for June 21 included, for most lone hands, Marg, Pearl Cowen, Mary Colman, Iris Taylor and Marie Dennie.

Legion Branch 636 seniors' boat trip to Gravenhurst was held Wednesday, June 22 and was just great. The weather co-operated and the meal at Gravenhurst Legion Branch 302, was greatly appreciated.

Harold and Georgina Parkes were in Toronto recently to attend their granddaughter Kelsey's first dance recital.

Best wishes to the following: Ralph Schroter in Wellesley Hospital, Helen Rogers in Oshawa and Irene Houghton in Minden hospital.

Ontario Seniors Shuffleboard games between Muskoka and Haliburton Dis-

trict were held at Minden Courts on June 21 and the winners of the Gold were Joan Mackenzie and Elinor Smith of Minden, silver went to Dorothy and Maurice Boyd of Minden and Betty and Joe Higgins of Huntsville took the bronze. They played many games, from early morning to afternoon. Three winning teams will go on to Sudbury for competition later this summer. Congratulations to all and best wishes for a win further on.

June 21 winners at the weekly Stanhope Bridge group were Lyle Lucas, Edith Burch and Mary Stevenson. We wish John and Ellen Klok a fond farewell as they leave this area to reside in Cambridge. We'll miss them. John was a faithful and strong supporter of the Stanhope Community.

The County Town Museum committee had a busy meeting on Wednesday, June 22 with all members and Lewis Stevens present. They were pleased to hear of the \$2000 donation from Legion Branch 636 to help complete the school. They also got word of a grant so a student will be hired for the summer. Tickets are being sold on the Log Cabin quilt on display at the Museum, did you get yours yet? Some items are needed for the museum: school desk, slate boards and empty boxes for storing suits,

dresses and shirts, blouses, shoes and boots. Also large boxes for storing pictures. Pick up a brochure and take in some of the programmes. Call 286-3763 for details. The museum buildings will be open starting Tuesday, June 27 every Tuesday through Saturday from 10 a.m. to 4 p.m.

Some events called in: the Art Festival July 2 and 3, official opening Friday night. Canada Day events are on the posters. W.I. bake sale on Main Street, Friday July 8 at 10 a.m. Summer sale at The Terrace Saturday, July 9 10 a.m. and Saturday July 9 Highland Crest Auction sale at 7 p.m.

Yesterdays and Today's

*To the oil-banked, leaf packed
residue of yesterdays.
Pop, sticks, wrappers, holidays,
'til all our tomorrows
are once again,
I'll remember today.*

*My skate blades slide,
skip across the pond.
Your arm kept to hold,
and held me, from falling.
Guidance for love found, lost.
How could I not remember today.*

*My tears on your shirt sleeve,
danced at your feet.
A crying heart, for your tears.
Trying to carve my life after yours,
While carving, I forgot me.
Now, as you look at me, father,
I'll remember today.*

*Written by Dean Grozelle for
his father.*

CARDS OF THANKS

Often, when one is dealing with pain, bereavement or other adversity, they do so alone, without the support of family or friends. I feel so fortunate that Helen and I did not have that experience. Instead, I have the difficult task of trying to thank the many, many people who have "been there" for us over the past few years.

My words of thanks go to Doctors on Call and the staff at the Haliburton Hospital, the Ambulance Attendants, the staff at the Good Medical Centre and, especially, to Dr. Harry Good for his care and genuine concern for us. For the MDS technicians, the Home Care and VON staff I have only the highest praise for their efforts and tender care. All levels of staff at St. Joseph's Hospital - from Nursing to Surgical teams and Patient Support exemplified what TLC is all about. The surgeons, like Dr. Belch and Dr. Ho used their skills so often to Helen's benefit it bordered on the miraculous. The Oncologists and staff at the Kingston Cancer Clinic also did their best to solve a problem that was not to be resolved.

One of our greatest sources of comfort, however, was the genuine love and prayers of the congregations of all denominations throughout this area. During her palliative care weeks at home, Helen's deep faith and the knowledge of that support kept her fighting to the end. That support was so amply demonstrated by Gordon Monk and staff, by Father Sal and the people of Our Lady of Fatima, by the many floral tributes, memorial donations, the tribute by the Royal Canadian Legion, the food sent to our home and the cards, messages and 'phone calls from all across Canada. I could never attempt to thank, by name, the many friends who have been personally supportive and directly involved in our lives, but you know we do appreciate your love and concern. May God Bless All of You. H. Lloyd Johnson and family.

Greer - The family of the late Myrtle Greer wish to express their sincere gratitude to Dr. Katsuta and the nursing staff and Minden Hospital for the quality care given to Mom. If she had to be in hospital, this was the place to be. Thanks also to our relatives and friends for their kindness, floral tributes, memorial donations, other expressions of sympathy and the abundance of delicious food delivered to our homes. A special thank you to the Norland Ladies Auxiliary for providing lunch after the service, to those who travelled a distance to be with us, to Mom's nephews who served as pallbearers, to Pastor Campbell for his comforting words and to the staff at the Gordon A. Monk Funeral Home for their superb organization and kindnesses extended to us.

CARDS OF THANKS

What a wonderful day it was to see so many friends and relatives as we celebrated our 50th wedding anniversary last Sunday. All of this was due to the hard work of our family who planned it all and carried it out. Every detail was perfect. A great big thank you to Darlene and David, Ray and Chris, Ralph and Diane, Kim and Shawn, all the kitchen help and all those who had any part. Thank you to all who came, sent gifts, cards etc. You made our Day a Happy One! God Bless you all. Elvin and Ruby Johnson.

Cooper - The family of the late Alexandria (Alex) Cooper wish to thank all the friends and relatives who gave their support, donations, food, floral arrangements, cards and phone calls on the loss of our daughter and granddaughter. Special thanks to the Gordon A. Monk Funeral Home, Rev. Brian Parker and the people who put on the lovely lunch at the West Guilford Centre.

Toni, Murray and Zelda Cooper & family.

I should like to express my appreciation to the ambulance personnel, Doctors Katsuta, Warsi and Chayer and all the staff of the Minden Hospital for their excellent care during my recent illness. Also, to all the friends, neighbours and relatives who assisted in many ways and for the phone calls, cards, visits and prayers. Thank you all. God bless.

Pat Bradburn.

AT REST

GREER, Myrtle
(nee Puterbaugh)

In her 69th year, on Monday, June 20, 1994 after a courageous battle with cancer. Beloved wife of the late Byard Greer. Dear mother of Shelley at home and Dave Pratt of Malton; Sheila and Grant Shaw of Minden; Larry and Carol Greer of Norland, Wyatt and Debbie Greer of Miner's Bay; Reta and Paul Burrows of Brampton; Bernard and Brenda Greer of Norland; Elaine and Glen Bryant of Norland; and Doris and Glenn Chambers of Loretto. Cherished Grandma and Nanny to seventeen grandchildren. Mrs. Greer rested at the Gordon A. Monk Funeral Home, 127 Main Street, Minden on Tuesday with funeral service held in the chapel on Wednesday, June 22, 1994 at 3 p.m. Interment Pine Grove Cemetery, Norland. If so desired, as an expression of sympathy, donations to the Minden Hospital Building Fund would be appreciated by the family.

COOK, Ray

Peacefully, at Minden Hospital on Monday, June 20, 1994 in his 53rd year. Beloved son of Maggie and the late Raymond Cook. Dear father of Karen and her husband Harold Wessell of Norland and Donald of West Guilford. Loving grandfather of Shelby and Shannon. Dear brother of Bruce, Eileen, Marie, Nellie, Earl, Doris and Doreen and predeceased by Helen and Marlene.

Mr Cook rested at the Gordon A. Monk Funeral Home, 127 Main Street, Minden on Tuesday and funeral service was held in the chapel on Wednesday, June 22 at 10:30 a.m. Interment Maple Lake United Cemetery. Memorial donations to the Canadian Cancer Society would be appreciated.
